

By Phat

The biggest and loudest laugh of the week came from Walter Z. Allen, member of the county Democratic central committee. It was emitted when he read in The Sun that I had accepted an appointment from Henry A. Wallace in this food for Europe deal . . . "So Phat, that old die-hard, black, reactionary Republican, is now consorting with Wallace," he said between laughs. "I'll believe anything now."

CHARITY—But that's all right with me. It isn't who's doing it but what's being done . . . Anyway, I'm just a figurehead. The real work is being done by Bill Rashall, Wild Bill, they call him. . . . The other night he had city officials, Chamber of Commerce officials, Rotarians, bending their backs collecting canned foods from The Sun office, the C. of C. and the Post Office, to truck them to the warehouse at Torney where food will accumulate, so he says, into a full carload. . . . He even has the fourth and fifth graders working for him and they went five times over their goal. . . . The Village really rises to emergencies. . . . Which reminds me, the Los Angeles papers reported last week-end that the cancer fund drive was lagging in the state. It shouldn't. Because of a personal loss I know how important this drive is. Give to the local designated authority and give now.

THE VILLAGE—Harry Brot of the Desert Drug store told me yesterday that within a short time after the American Magazine appeared on the stands, he sold out and had to order more. This month's issue contains that article about Mrs. Nellie Coffman, "Desert Queen" which was given advanced publicity in The Sun two weeks ago. . . . It's the story of her great faith in Palm Springs and also contains that picture of his honor, Judge E. E. Theriault. . . . Haven't heard saws whining or hammers pounding in the pre-dawn hours lately. Perhaps that protest of Villagers against the 4 a.m. activity on construction had some effect. Now if they'd stop those pre-dawn horn-squawking it would be all right. I don't mind the birds who tune up at 4 a.m. They're harmonious, at least.

NAMES—Up in The Sun office we have a lot of trouble with names. For instance, most people looking for the co-publisher, ask for Harold Barker instead of Barkow. . . . They call Bill Rashall anything from Rischell to Ras-cal—when they're polite, that is. . . . And Bob Gane is either Gayne or Gain. . . . And as for me, nobody tries it, they just say Phat. . . . What brings up all this is that on the June 4 ballot only one name will appear in the Justice of Peace election, that of the late Guy Pinney, who passed away after nominations were closed. No one opposed him. To elect his successor, there'll have to be a write in. . . . Gene Theriault was appointed to fill out his term and his friends are staging a campaign to elect him. But they are worried whether people know how to spell his name so they can write it in. It's spelled T-H-E-R-I-E-A-U and the initials are E. E. . . . It's pronounced Tario but then Hueneme is pronounced Wyeneme and La Jolla La Hoya, so don't let that throw you.

MUSIC—Eddie Dowell has left the Rainbow room but people who live near me will think he's still in town. He went to Hollywood last week-end and his friend, Kennet Long of Associated Records, cut an album of his fine organ numbers which he presented to me. A lot of good old-timers I couldn't find elsewhere for my collection of old time but still popular numbers. . . . See, what did I tell you—"Seems Like Old Times" got on the Hit Parade last week and "Laughing on the Outside" zoomed up to No. 2. . . . There's a number "Prisoner of Love," written in 1930, that's being revived and will probably move up but may not get to No. 1. . . . Tripped up again last week on No. 1, but it's getting tough to handicap the tunes these days.

THE MAIL—"How's this for a slogan for your Food Drive: 'Open Your Heart so that They Too, May Live,'" came a suggestion from Elliott Bank. . . . "I suppose I'm the 4500th on the list with suggestions of what to do with Torney, but how about letting the state have it and convert it into a branch of the University of California? Think of what 5,000 students would mean during the season," says Joe Henderson. Yeah, think of it. . . . I still think Palm Canyon drive should be divided into lanes so that people, going some place, could pass the dawdlers." Bill Alworth, city manager, is working on that one, sir.

AND FINALLY—A little item in the morning papers today gives me an idea. It was about that new Oxygen "cocktail," nine parts oxygen and one part carbon dioxide. Twenty minutes of whiffing that, said the item, would cure the worst "hang-over." "I'd sure like to have the exclusive rights to dispense that in Palm Springs during the season!"

P. S.—Just found a note from Wild Bill on my desk. After lauding it, found the content to be: "Tell the people to send only canned foods. Glass and paper containers can't be shipped."

FOR THE HUNGRY—Part of the more than 600 pounds of canned foods already collected for the starving peoples of Europe is on its way to the warehouse to await shipment. Bob Peterson, assistant city manager, sits in the truck while Don Cameron, Jacques Cromlin and Harry Harper hand him the food. Stooping over, getting ready to tote a load, is Bill Rashall of The Sun Staff. (Gayle Studio photo.)

Say Tramway Contract to Be Let Soon

Contract for the erection of the San Jacinto Winter Park tramway, a two million dollar project, is expected to be let before the next thirty days rolls around, according to information from a source considered more than reliable.

If deciding on the company which will be granted the contract it was said that the cost, of course, had considerable weight in the decision, but that experience in the construction of a tramway was an important factor. Among the companies which are reported to have either entered bids or evidenced interest in the project are the American Steel and Wire company, subsidiary of United States Steel Corporation, Interstate Equipment company and Roebbling and Sons.

American Steel and Wire constructed the Franconia tramway located in New Hampshire, and is the only concern which has built a passenger lift of this kind in the United States. Associate engineers of the Interstate Equipment company however, have built many tramways other than passenger ones, in foreign countries.

It was pointed out that no official action by the San Jacinto Winter Park Authority in granting the contract has been made, nevertheless, they are practically unanimous in individual opinions as to the company they would like to see construct the tramway. In any event, work on the giant tramway is expected to get underway this summer.

Election Today

Both Local Boards To Elect Members

Voters of the Desert School district and the Palm Springs high school district went to the polls today to elect one trustee in each district.

In the Desert district two candidates were seeking the position vacated by Mrs. Nellie N. Coffman, who declined to run for reelection after serving the district for many years. Candidates were W. R. Hillery and C. S. Bassett.

Dr. Frank Purcell, whose term expires on the high school board, was a candidate to succeed himself and was unopposed on the ballot.

Polls opened at 1 p.m., and will close at 6. They were set up at the Frances S. Stevens school for the Desert district and at the Stevens school at Edom for the high school district.

Captain Bob Maxwell Visitor in Village

Bob Maxwell, former Olympic star, U.S.C. hurdler and later Long Beach newspaper man, was in the Village this week. He came back in civvies. During the war he served for many months at the local air field with the rank of captain.

He was here in the interests of the candidacy of Thomas Kuchel in the June primary. Harry French, inheritance tax appraiser for the county, was with him.

Food Drive Speeds Up in Palm Springs

The good heart of Palm Springs throbbed in quickened tempo this week.

Answering the appeal of The Desert Sun, which was backed to the utmost by radio station KCMJ, children of the Frances S. Stevens school, city officials and citizens from all walks of life, Villagers piled can upon can of food for starving Europe and brought in sums from pennies to sizeable checks to help the cause along.

Vaqueros Will Take to Trail Again May 22

"Desert Riders", classically known as the "Vaqueros Desierto", who last answered the call of "Boots and Saddles" way back in 1941, will answer that call again after a lapse of five years.

Next Wednesday morning, bright and early, the organization will assemble. Mounted, their saddle packs full, the group composed of men from all walks of life, they will ride into and up Palm Canyon.

Three Vaqueros, members of the organization since its inception in 1938, will be missing. Johnny Pyles and Gene Griffes, well liked by their companion riders, died during the war years. Al Keystone will also be missing. He was killed in action while serving with the Marines in the Southwest Pacific in 1944.

The first night's camp will be pitched at Bunker's ranch, 4,000 feet high in the Jacinto Mountains. The next day, the group is scheduled to appear at Lake Hemet for encampment. Later, Vaqueros will circle in the Santa Rosa mountains before returning to Roger's ranch on Sunday.

Wranglers, truck loads of bedrolls, horseblankets, fodder and chow will precede the riders to each encampment.

Be Careful

Approach Lounge Doors With Care—If At All

Be careful this afternoon if you're thirsty. Or you'll bump your nose on the door.

All places dispensing alcoholic beverages, off-sale or on-sale, closed today at 1 p.m. and will remain closed until 6 p.m.

There's an election on—the school board elections for both Desert district elementary and Palm Springs high school boards of trustees.

Lots of Names

It Takes 139 Pages For Property Owners

Names and addresses of owners of property in the subdivisions of Palm Springs cover 139 typewritten legal size pages in the 1946 compilation of owners just completed by the Riverside Title Company.

Copies of the publication are furnished to the Chamber of Commerce office and firms in Palm Springs. The copy at the Chamber of Commerce office is open for inspection by the public.

Seventy-five subdivisions are listed in the compilation, many of these, however, being additions to original subdivisions.

Volunterring its support in the worthy cause, KCMJ already deeply inoculated with civic pride and spirit, has been blasting away over the airways, seeking support of the food drive for the hungry people of war-torn Europe.

CHILDREN AID

Unheralded until the movement was discovered, little children in the fourth and fifth grades of the Frances Stevens school have been carrying on a house-to-house-canvas for money and canned foods to contribute to the drive.

As this story is being written, a report just came in that the students at the Palm Springs High School have been bringing in canned goods and piling them on the floor of Principal E. E. Oerter's office.

COUNCIL ACTS

Sitting in formal session, the city council officially commended the Desert Sun in taking the initiative in starting the drive for canned food more than three weeks ago.

The city had received a letter from Chester C. Davis, chairman of the Famine Emergency Committee, asking the mayor to appoint various committees locally to impress upon Villagers the necessity of conserving on food. The Emergency Food Collection, under the direction of Henry A. Wallact, is an off-shoot of Davis' main committee. Rather than appoint any committee, Mayor Hyde suggested to the council that inasmuch as the Desert Sun had started the food and money collection, and as he reported, were doing better than good, it would be best for the city to support the Desert Sun. Accordingly the council highly commended this publication in placing Palm Springs in the vanguard of cities throughout the United States which have taken an active part in the activities of the Famine Emergency Committee and the Emergency Food Collection subcommittee. Headquarters of the

Vacation Days Start Next Friday For 1000 Youngsters of Village

Vacation days will start for almost a thousand young people in Palm Springs a week from today. Next week is the last week of school for pupils in the Desert School district and at Palm Springs high school.

Commencement week will start at Palm Springs high Sunday evening when their annual Baccalaureate service is held at St. Paul's in the Desert, Episcopal church.

TOPIC OF SERMON

"Education of Character" will be the subject of the address of the evening by the Rev. Robert Hogarth, rector. An impressive service will precede and follow the talk to the graduating class.

The graduating exercises of the high school seniors will be held in the quadrangle of the school at 6:00 p.m. next Friday night.

HIGH SCHOOL PROGRAM

The program follows: Advance of Colors — American Legion, Owen Coffman Post No. 519.

Processional — Seniors. (High School Band, under the direction of Mrs. Dorothy Smith, playing "Pomp and Circumstance" by Elgar.

Drug Co. Employee Faces Theft Charge

Mystery of Stolen Cash Said Solved

Bookkeeper, on Job Five Months, Held Under \$10,000 Bail

Harry G. Harton, 47, bookkeeper at the Palm Springs Drug and Import company for the past five months, was in county jail today in lieu of \$10,000 bail, awaiting hearing on charges that he misappropriated \$1500 from the drug firm.

He was arrested late Sunday evening on his return from Los Angeles, by Chief of Police August G. Kettmann. Arraigned before Judge Eugene E. Theriault Tuesday, his bail was fixed at \$10,000 and he was remanded to county jail pending preliminary hearing in local justice court May 24.

MISSING SATURDAY

The money was discovered missing from the company's safe Saturday morning. Harton, who had left for the week-end Friday, was arrested as he returned to the Village Sunday. The complaint was signed by John Archibald, co-owner of the company.

The theft was the second large theft of money from the firm. On March 19, \$2,700 was reported stolen. Chief Kettmann is investigating all clues which he said may lead to the implication of Harton in this former theft.

SCREENS SUSPECTS

Ever since the March 19 theft, Chief Kettmann has been examining every possible suspect. In this screening process, the chief discovered that Harton had a police record. According to information from the Federal Bureau of Investigation, the chief said, the suspect had served time for forgery in Arkansas, Oakland and Los Angeles.

Charges against the suspect followed receipt of this information. Harton gave his home address as 218 West Marble street, Albuquerque, New Mexico.

Hurt in Blaze

Workers Suffer as Fire Damages Auto

Fire caused by the ignition of a volatile cleaning fluid caused damages estimated at \$500 to the automobile belonging to Robert Ransom, local realtor.

Bufford Lewis, 35, who was cleaning the automobile in the Plaza Garage sustained slight burns around his ankles.

The entire front end of the automobile was badly scorched and the two front tires destroyed.

Paper Is Sold

Roy Medby Announces Limelight News Sale

Beginning tomorrow, the Lime-Light News will come under the direction of two new owners.

Roy Medby, publisher of that publication for the past four years, today announced the sale of his interest in the Lime-Light-News to Charles Leeds, Jr., and Harry Schultz. Leeds is reported to have had newspaper experience in San Fernando and Van Nuys, as well. Both are ex-servicemen.

This sale marks the fourth time the paper has changed hands in its existence of 13 years.

(Please Turn to Page Eight)

PRESIDENT—Phil Delano, of the Palm Springs Drug and Import company, who heads the Palm Springs Chamber of Commerce for the coming year.

Phil Delano Elected President of C. of C.

Philip Delano, co-partner in the Palm Springs Drug and Import Company and an active civic worker here for several years, this week was chosen president of the Palm Springs Chamber of Commerce in the annual election held at the Desert Inn.

Elected vice-presidents were Kenneth B. Kirk and Cecil H. Isenagie. Arthur Bailey was elected secretary of the corporation, and Fred Ingram, treasurer.

ACTIVE LEADER

Delano, who succeeds Robert Ransom as president in the term which begins June 1, has been an active leader in the Chamber of Commerce activities during the past two years when he has served as director and vice-president. He directed plans for both the successful barbecues staged by the Chamber of Commerce last spring and fall, the events drawing more than 400 persons. He has been active also in Los Compadres, Desert Riders and veterans organizations.

Vice-President Kirk is a home-owner representative on the board of directors, the first resident to hold this office. He was chairman of the committee that produced the recent highly successful Desert Spring Frolic. Cecil Isenagie has been active in the Chamber

(Please Turn to Page Eight)

Oh, Rubbish!

But You Can Get It Moved Right Now

Home owners! You can get that rubbish moved now!

Robert Peterson, assistant city manager, announced Wednesday, that home owners may make special arrangements with the Waste Disposal Department to move "that rubbish" before they close their home for the summer. Heretofore, with the city full of winter residents it was impossible to make special rubbish hauls, but now, Peterson declared, with activities somewhat slowed down, the Disposal Department can now make these hauls.

"All a person has to do is call the Waste Disposal Department and make arrangements," said Peterson.

Palm Springs Calendar

SUNDAY, May 19:

Baccalaureate Sermon, High School Graduation Class, Episcopal Church, 7:30 p.m.

MONDAY, May 20:

Veterans of Foreign Wars, Post No. 5987 and Auxiliary at Rogers Ranch, 8:00 p.m.

Palm Springs High School Smoke Signal

Freshmen Put On Assembly, Climax to Great Series

The Freshman Assembly held last Thursday, May 9, climaxed the series of assemblies given by the various classes this year. The subject of the program was Act V of Shakespeare's "Midsummer Night's Dream."

"A Midsummer Night's Dream" was written for fun—to be played before Queen Elizabeth as an evening's amusement. Act V was when the workmen of Athens, in honor of the marriage of Theseus, Duke of Athens, to Hippolyta, Amazon Queen, gave their version of the courtship of Demetrius and Helena.

The Cast:
Theseus, Duke of Athens—Ben Chaffey.
Hippolyta, Amazon Queen—Sandra Veano.
Demetrius—Tommy Luke.
Helena—Nancy Nye.
Philstrate, Master of Revels—Barbara Thompson.

Workers:
Quince (Prologue)—Jackie Kingsbury.
Snug (Lion)—Audrey Bentson.
Bottom (Pyramus)—Jack Hookey.
Flute (Thisbe)—Nicky Nichols.
Snout (Wall)—Anne Welles.
Starveling (Moon)—Betty Wright.

Entertainers:
Singer—Mary Louise Klug.
Juggler—The Great Magoo.
Singer—Pat Fowler.
Acrobats—Donella Knapp and Connie Nash.
Narrator—Vickie Matloff.
Costumes—Adele Woods.
Stage Crew—Jim Wills, Dewey Metzdorf.
Accompanist—Miss Ruth Ashcroft.
Director—Miss Elizabeth Farrar.
Student Director—Barbara Jones.

Reader: "So you make up these jokes yourself?"
Editor: "Yep—out of my head."
Reader: "You must be."

High School Editorial

The question of student conduct in assemblies was brought up last week in journalism class and after some discussion it was suggested that an editorial be written on how to improve our assemblies for next year. Two were submitted worthy of comment.

SHALL THE WEEKLY ASSEMBLY BE BROADCAST NEXT YEAR?

(By Cherie Mashburn)

"Broadcast our own assembly?" "Impossible! Not with that continuous bedlam going on during each and every assembly as it is now!"

Oh, so! I can see that you, fair reader, don't believe me. Just listen to an assembly any week of the month and these are some typical comments you're apt to hear:

"Lemme have that seat!" "Hey, why don'tcha seddown so we can see it, too?" "This sure is a rotten assembly!" "Where's my purse?" "I gotta comb my hair!" These and other similar remarks, accompanied by the rattling of chairs, scuffling of feet and other noises, can be heard throughout the assembly hall.

There's no denying the fact—our assemblies are noisy and the noise is made by the students themselves, and it's a problem which must be corrected either voluntarily or by compulsory methods if we are to broadcast our assemblies next year.

It's up to you, students! Are you going to make the broadcasting of our assemblies possible?

GAZOOZIT

By CHERIE AND LOLO

It's always hard to say goodbye to the seniors, and the staff feels that it would be appropriate if this, the last Gazoozit for this school year, were dedicated to the seniors. And so, without further ado, we wish to present the individuals which make up the senior class.

Mort Algase: Known for his imitations of anybody and anything. A great crap player.

Gillar Boyd: This fella deserves a lot of praise as co-editor of this year's "Chia", and he's one swell guy in case anybody doesn't know it.

Joe Brummit: He sure helped to make things tick for the Student Council this year and we'll hate seeing you go, Joe.

Andy Bump: This fella always comes up with a smile and a sly crack in spite of any bad luck he may face into.

Bill Carey: As president of the Service Club, we'll always remember getting demerits from William, but, though a little tart, he was always a great senior.

Dick Charlston: A former editor of the Smoke Signals, this senior's really one nice guy.

Bob Eckert: Our "champeen" chess player and future minister made a big hit as Mr. DePinna in the senior play.

Galzerano: "Galzie" will long be remembered as the biggest funnyman of the group.

Harvey Gorcester: This poetical guy is best known for his passionate speeches and as chief dipper of the ice cream.

Bob Hoover: Popular Commissioner of Boys' Publicity. This fella is known for his frantic drum beating and his wonderful parties.

Art Jurado: Deserves a tribute for he has helped P.S.H.S. on to many victories through his dogged playing on the football field and basketball court.

John Klug: Our boy with the toothy grin and effervescent personality... like champagne, don'tcha know?

Don McLearn: A pretty quiet fella. Don will be remembered as P.S.H.'s tennis champ.

Bill Oakman: The John Barrymore of the senior class and Sussy's protegee.

Tom Peterson: Swell as Commissioner of Athletics. Tom was always a fine all-around guy.

Morris Sale: Quiet and unassuming, "Chick" usually has hung out with members of the junior class and is known by them as a swell fella.

Les Smith: This generous soul's smiling face, sunburned nose, and quiet personality can all be summed up in one word... "Whitey".

John Wilson: As S. B. prexy, this guy will long be remembered for the fine service he has done the school and as a wonderful "Joe".

Carol Burket: Has displayed several talents in her four years at P.S.H.S., the greatest of which, in our estimation, is her unearthly ability to make A's.

Julie Martineau: Besides her very distinctive swing, she is noted for her ability to say what she thinks. Frankness is a virtue most of us should have a little more of.

Joyce Maloof: We've known her for her nice and quiet refinement, curly hair, and big blue eyes.

Clara Jane Lyter: C. J. played the piano for us, smiled and gave us her famous "teeheeing". A very good job as Alice in the senior play.

Mary Jo Graefe: Blonde haired and prominent resident of that blooming metropolis, Cathedral City, is also a key beater of note, piano, that is.

Joanne Hookey: Enthusiastic, gay, bombastic, vivacious, and vigorous, she made a fine cheer leader and a great senior.

Erica Orth: Among other things, we'll remember Erica as

HUSH, QUIET

(By Hal Mintz)

"Hush", "Quiet", that's all we hear throughout our assemblies. Our teachers are getting hoarse just from having to quiet us down. And why? In my estimation there can be only two explanations.

One is that we are just plain rude. If this is the case, the situation is completely up to each individual member of the student body. It is up to us, the audience, to realize that the part we play is just as important as that of those who entertain us on the stage. They cannot entertain us without our whole-hearted cooperation.

The second explanation is that perhaps the assemblies are not prepared well enough to entertain us. If this is the case, I sincerely recommend that there be on the recommendation of the Student Council next year, a special committee, consisting of the student council advisor and two or three student representatives, plus one or more faculty members. The duties of this committee would be to make certain that every assembly presented to the student body has been censored and rehearsed.

I am sure that these two suggestions carried out, our assemblies would be greatly improved. I hope that one of our newly elected student-body officers reads this article and does something about it. We've heard a lot about reforms in their campaign speeches—now let's see some!

the girl who wrote some good poems and made a very perfect edition of Daisy Mae on Sadie Hawkins Day.

DeLorse Roth—Sun-tanned and smiling, DeLorse was a good cheer leader and should be congratulated for her fine performance as Rheba in the senior play.

Gene Miller: Thanks to Gene, who came to P.S.H. as a senior, for not being a gossip and an ever-mewing cat.

Jenny Strite: Is the girl you'll remember as seated just behind her man of the hour on a motorcycle racing with the wind.

Irene Turgesen: Jenny's other half. Irene always had a word for everybody.

Ann St. Clair: Soft-spoken, sweet and thoroughly feminine, Ann was a gracious senior and a lovely prom queen.

Gymshorts

By BETTY WRIGHT

The formal banquet held at the Desert Inn climaxed an eventful year for Palm Springs high school G.A.A. Its purpose was two-fold; one—to say farewell to the senior members, and two—to install its new officers for the coming year.

The banquet will long be remembered by the girls for its formal ceremony. Vivian Gautiello accepted her new office with lovely poise and a vow to carry out her duties to the best of her ability. Each new officer was called in order—and given her oath—Cherie Mashburn, vice-president; Betty Ann Lilley, corresponding secretary; Barbara Jones, recording secretary; and Audrey Bentson, treasurer.

Julie Martineau was announced as the winner of the coveted gold cup given each year to the girl in G.A.A. who is the highest in points, an outstanding athlete, and who stands for such high ideals as good sportsmanship.

There was not a dry eye when the lovely song "Aloha Oe" was sung by the underclasswomen as their farewell to the seniors. Joanne Hookey was presented the gavel she had used throughout this year as a keepsake from the G.A.A.

Jeannette Ofsthun and Barbara Beeton were initiated into the organization as its newest members. Remembering the two members who could not attend the banquet the girls visited Sally Robinson and Joanne Wilkes, and presented each with flowers.

This being the last edition of The Smoke Signal for this year, I would like to review briefly our eventful year.

A fine schedule was worked out for volleyball, hockey and baseball as curricular and extra curricular sports and unusual enthusiasm was displayed. We played these games three times a week with two days set aside for dancing and individual sports. We put aside Wednesday afternoon each week for a complete meeting of the G.A.A. to play whatever game was then in season.

After completing each sport a finale was played off and each time new girls were added to the organization. By the way, G.A.A. started out this year with ten members but now we have 45. That's something to be proud of.

Our activities were many—the two probably most enjoyed were our playday for Banning, Beaumont and Coachella, and the carnival. The tennis team did a bang-up job this year and we were honored to be invited to Redlands University for its play day.

Our thanks to Mrs. Henderson who helped and advised us throughout the year. She is a grand friend and we say goodbye to her with sincere hope that she will be with us next year.

Reporters Given Thanks for Great Job Neatly Done

By HAL MINTZ

As the present Smoke Signal Editor, I would like to personally thank all my assistants and reporters for their contributions. Without their splendid work and cooperation, the many issues of the Smoke Signals would not have been possible.

I would like to thank first of all Jeannette Ofsthun, who did a fine job of assisting me. Ed Wills is one of the best sports writers that ever wrote for the Smoke Signals. Betty Wright is one who kept us up to date on the girls' athletic endeavors. I sincerely hope that you both will continue your writing next semester.

This year we initiated a new system of writing the Gazoozit. Instead of having one or two reporters write the whole column, we now have certain reporters who write the news of their respective classes. Nancy Nye and Elaine Pernel wrote the news for the freshmen, Betty Ann Lilley for the sophomores, Jeannette Ofsthun and Cherie Mashburn for the juniors, and the "Gold Dust Twins"—Carol Burket and Joanne Hookey for the graduating senior class. It's a swell column, kids, thanks a lot.

Another member of the freshmen "gossip committee" is Adele Woods, who wrote the Freshmen Fling. We had a few "Advice to the Lovelorn" columns this year by Pat Fowler. Let's have some more next year, Pat. And I would also like to commend the many other active members of the Smoke Signals staff, including Barbara Jones, Dick Charlston, Ardis Green, and Herb Men-nell.

But before we fold up the old Smoke Signals page this year, there is one person we cannot thank enough. That is Mrs. Kinsky, head of the Journalism department. Many is the time that Mrs. Kinsky has spent from two to three hours of her own free time in the evenings, doing work for the paper that was not required. From what I hear, Mrs. Kinsky will not be here next year. It's going to be hard to say "goodbye" to Mrs. Kinsky because no Editor could ever expect a finer sponsor. Thanks ever so much, Mrs. Kinsky.

ON THE WARPATH

By ED WILLS

As another school year draws to a close the sports of '45-'46 fade into the past along with all the activities that helped to make another year vary in importance to the individual students.

Glancing over the season of sport we see that Palm Springs held up a fair average giving up to no one and knocking down a good number.

Football rolled through a season which lifted the maroon and white from a two-year slump. Although crowded out in the league running Palm Springs hung up four victories, fought for two ties, and dropped three close ones. Highlights of the season were our 13-12 victory over our seven-year rival, Beaumont, and the 6-6 with Banning, the league champions, to blemish their perfect record.

After football came basketball with the league expanded to nine schools. Going through a hit and miss season at four wins and four losses Palm Springs put on several thrillers to keep an increasing student support always on hand. The highlight was furnished by the shelling of our old rivals, the Coachella Arabs, in a scoring rampage held on their court.

As the tide of basketball ebbed away, softball, track and tennis flowed in to take its place.

In softball our boys fought hard to get back into the running after a good start and a costly midseason slump. Rising again to a possible chance in the semi-windup our boys were hopeful only to be crowded into second place by the heartbreaker at Beaumont.

Track was fairly successful, placing our school far from the bottom in Riverside County competition with many boys distinguishing themselves in individual competition.

In tennis our boys held up the old tradition of PSHS by wiping out all competition to be undisputed champions of the ERCL and are now headed for the finals with a complete team which we can safely say will bring home the county cups in the majority of matches. Nice going, boys!

In conclusion of our year of sports it is only fitting to extend gratitude to Coach Mack Scott Thompson for his guidance in football, basketball and track and to thank softball Coach Francis Ulmer and tennis Coach

John Weeks. The boys appreciate your hard work and unceasing efforts.

And, oh, yes! There is one more item which cannot be omitted while thanks are being handed out. This concerns such fine senior athletes as Joe Brummitt, Art Jurado, Tom Peterson, Paul Benson, Dick Moseley, Gillar Boyd, Harvey Gorcester, Don McLearn, Alan Anderson, and Morris Sale, all of whom we lose by graduation or enlistment in the armed forces and without whom the school year of sport could not have been possible.

We are really sorry to see you go and sincerely hope you will return in spirit to support the boys who will fill your shoes for the coming season and in the years to come.

Bobbie Parker To Look Over Honolulu

Miss Roberta "Bobbie" Parker, well known Village newspaper girl, is planning to leave the Village this week-end.

A trip to Honolulu is on her summer agenda.

Villager Given Boost in Gotham Paper's Column

L. H. Lewbel, owner of one of the Village's busiest date shops, got a considerable plug in the New York Post recently.

In Cornelius Vanderbilt's column in The Post, Vagabonding With Vanderbilt, there is more than a column of comment on Palm Springs, all about the Tramway, the busy season here and so on. It closes with this paragraph:

"A newcomer (in Palm Springs) is Lord H. Lewbel, who came here in 1943 from Brooklyn to spend his remaining months of life. He owned a large children's clothing business on Knickerbocker avenue for 43 years. He spent his summers at Tannersville, in the Catskills and never dreamed of the west."

"Then, after a serious operation, someone suggested Palm Springs. Today, he owns one of the finest and best businesses on the desert."

Student Council Officers Outline Plans for Year

By JEANNETTE OFSTHUN

In order to give everyone a clearer understanding of what the new Student Council is planning to do for the school next year, each officer has been interviewed as to his ideas for the following year.

We will begin with Student Body President, Jim Searles, who says, "As Student Body President for the school year '46-'47, I plan to make the student council an efficient organization. Greater representation of the student body is my principal aim along this line. This can be accomplished by more student polls and by having the Presidents of each organization discuss the problems of the student council with their respective groups. With the combined efforts of every student in this school we will all have a prosperous and eventful school year."

Next, Vice-President Ed Willis, whose plans come under four main headings.

1. To plan and execute the annual welcome party for new students as soon as possible next fall.

2. To encourage and revive noon activities upon this campus. These will include more and better noon dances, competitive boxing, etc.

3. To work for more numerous Friday night activities, asking the school board for more lenient restrictions, after presenting our views as a group.

4. To co-operate with the Commissioner of Athletics on a program to better school spirit and attendance at all interscholastic games.

Commissioner of Boys' Publicity, Tom Archer, is starting his work right away. He says, "My job of advertising will not begin next semester. It will begin immediately, this spring. First of all, I have plans for making five large permanent bill-boards, with removable dates, of the five main

Political Advertising.

To the Citizens of Riverside County:

I am a candidate for Superior Court Judge.

I have successfully practiced law in the State of California for forty-two years. This extended experience I submit for your approval.

I am a graduate of the University of Southern California and a Past President and Past Trustee of the Riverside County Bar Association and a member thereof. I am also a member of the State Bar of California, and have been admitted to practice law in the Circuit and District Federal Courts in California and before the Treasury Department of the United States.

I am now and have been for over five years, United States Referee in Bankruptcy for Riverside County, which office is an appointive one, by the Federal Judges of the Southern District of California. (I have received three successive appointments.)

I have been City Attorney of the City of Riverside; Special Prosecutor for a District Attorney; President of the Arlington Chamber of Commerce, and District Governor, Lions International Service Clubs. I was elected Chairman of the Post War Committee of the Riverside County Chamber of Commerce. I have been a member of numerous other civic and social committees. I am now President of the Riverside County Chamber of Mines.

I believe in the principals of Democracy. I believe that every person is entitled to his day in court, and there is no substitute for seasoned experience in the practice of law and a mature knowledge of the problems of life.

A Superior Court Judge should be selected on the grounds of experience and ability.

I stand on my record and submit the same for your inspection and favorable consideration; it speaks for itself.

In conclusion I wish to state that I have refused and will continue to refuse any and all contributions for my campaign; that I am paying all of my own campaign expenses; that I have made absolutely no commitments and will not make any.

Sincerely yours,
JOSEPH SEYMOUR

Engaged!

By CHERIE MASHBURN

They're engaged! Yes, hitting us like a bolt of lightning out of the blue was the unexpected announcement of Phyllis Renville's and Don Hainer's engagement last Friday, May 10.

They have wisely decided to wait to be married until after Phyllis graduates next year, and of course, we wish to extend congratulations and our best wishes to this splendid couple.

For sports. They will be ready for use by the first of September. If any of you have ideas for the improvement of school publicity, I would appreciate being notified.

Shirley Renville, Commissioner of Girls' Publicity, promises, "As Comm. of Girls' Pub., I will, to the best of my ability, fulfill the office by keeping an accurate record of all council meetings, see the tall activities of the Girls' League, as well as the entire Student Body, are publicized, and I will faithfully attend all board meetings."

Commissioner of Finance, Barbara Croft, says, "I am fully aware of the work involved as Comm. of Finance, not only to fill this office itself, but to fill my place on the student council. Since I have served on the council for the past year as Junior Class President, that part of the job won't be new to me. With the guidance of Miss Lamb, I'm sure I will be able to fill my office to the best of my ability."

Bob Jones, Commissioner of Boys' Athletics, has a good plan. To quote him, "As Commissioner of Boys' Athletics for the following school year I intend, with the help of the Student Council, to set up a working system of books containing the scores and other important material concerning the various athletic contests. I am, at the present time, making arrangements for next year's student body cards which we hope to have at the beginning of school to start things off and in this way take advantage of spring elections."

With an efficient Student Council such as this promises to be, our school should be run smoothly and intelligently next year.

May We Introduce...

By JEANNETTE OFSTHUN

Diminutive, yet bubbling over with an undefinable personality is this enthusiastic little eager-beaver. She is mad about horses as you would plainly gather after talking to her for a while, and tennis is another hobby of hers. She is all of 5 feet 3 inches tall and just barely weighs 100½ pounds. Her hair and eyes are dark chestnut brown and she has a striking tan. A junior, she was born on July 30, 1929 in San Francisco. Ambition number one is to go to college, two is to get married, and ambition number three is to raise horses. During her spare time, she prefers horseback riding to anything else, but all sports are okay.

Putting up her hair and studying chemistry and math are her "dislikes." She likes to listen to popular music such as "I'll Get By," and "As Long As I Live." Blonde men are her special favorites. (Get out your peroxide, men). Pet peeve is conceited people, and fingernails scratching on a blackboard drive her mad. Usually you will see our little lady in shorts and jeans, that is, when she isn't wearing dresses. Just about everyone knows the recent candidate for Girl's Publicity, Diane Heller.

A very outstanding member of the famous junior class, "he" is blond, 5 feet 5½ inches tall and weighs 130 pounds. When you look closely at his magnetic eyes, there is a moment of indecision. Are they blue, gray, green or brown? The conclusion arrived at is that they are a kind of blue-gray-green speckled with brown. He was born in St. Louis, Mo., on July 7, 1929, but his name isn't Louie, so don't misunderstand.

Tsk! Tsk! The boy carries firearms. Don't get all worried now, he only shoots at rabbits. (Why, you cruel man, you.) His hearty ambition is to run the mile in under five minutes.

Girls who wear high heels when they go out with him is his pet peeve. (I can see his point.) Music both sweet and low like "Laughing on the Outside" sends him. Making campaign posters is his favorite occupation. Having a flat tire without a spare along is something he would just as soon have happen only in nightmares. Upon being questioned, "What kind of women do you like best?" he promptly answers, "Females." But, of course!

Just in case there is any doubt in your minds as to who he is, here are a few more hints. His favorite clothes are slacks with a letterman's sweater. He is known as a really vout oroonie party thrower. What if you do have to go way out to Rancho Mirage? It's worth it. The place where Jim Searles, the new student body president, lives.

Exam Schedule

The final exam schedule will be as follows:

Tuesday, May 21

Period I—8:30 to 10:30.

Period II, 10:30 to 12:30.

Period III, 1:30 to 3:30.

Wednesday, May 22

Period IV, 8:30 to 10:30.

Period V, 10:30 to 12:30.

Period VI, 1:30 to 3:30.

Thursday, May 23

Period VII, 8:30 to 10:30.

Teachers Prepare to Get Away from the Grind Quickly

By DICK CHARLSTON

This summer, many of our faculty members intend to take themselves as far away from P. S. H. S. campus as cars, money, trains, priorities, etc., will take them.

Yes sir, after nine months of teaching, a teacher gets all of the nerve-racking routine anyone could take — so they're leaving the old campus, the site of their toils.

Well, let's look over the roster of the faculty members and see who's planning on doing what. Mrs. Kinsky... planning to be figuratively sitting on top of the world, (that is, Mt. Hood, Oregon). Mr. Kinsky is going to be a forest ranger at the Clear Springs Guard Station in the Mt. Hood National Forest. Incidentally, anyone visiting Oregon has a standing invitation to stay at the Kinskys' "one room" cabin (Burkett and Sussmans included), if they like porcupines and bears—a perfect vacation?

Miss Lamb... Nothing definite as yet.

"Daisy"... goin' down to the old south—El Paso, Texas. Maybe she'll see Senator Claghorn! Also got new earrings and stuff to make the trip in. But, she'll be leaving P. S. H. S. for good. We hate to see her go.

Dr. Oertel... expects to be here until June 15. Then, up to Seattle and other points north; back in July and August, to be in Palm Springs a few days at a time. Maybe school has become a habit with him.

Mrs. Henderson... will spend her days at Idyllwild, playing bridge three nights a week, taking care of her children, and just playing the general part of a housewife.

Mr. Summers... probably'll work for the Time Mirror Corporation, or the Los Angeles Times in the fair city of Los Angeles. He'll be leaving when the weather gets too severe down here for him—no doubt via the Summers' weather forecast system!

Mr. Ulmer... He'll be going to a farm near Yakima, Washington, with his wife. Busy trying to forget his study hall woes.

Miss Hutchinson... Taking a tour through the Pacific Northwest, and Canada. Her plans are indefinite after that.

Mrs. Smith... To retire after all these years of teaching, and she'll go with the tide. That is, maybe take a trip to the mountains or something. Her time will be spent reading, gardening, and indulging in music, her third hobby—sounds good, huh?

Mr. Greeley... Going to Bar Harbor, on the rock-bound coast of Maine. He'll go by way of Washington, D.C., and then he'll return again to Palm Springs for school next September after a journey through Canada, and the Canadian Rockies. From one resort to another—winter in California and summer in Maine—some life, huh?

Miss Ashcroft... expects to do graduate work at Claremont College in Claremont, California, this summer.

Mr. Sussman... will view scenic Grand Canyon in Arizona, and then to the East and New York. The entire trip will be made by automobile.

Coach Thompson... either will go to Missouri and into Texas where he hopes to see the National A.A.U. finals in San Antonio. Coach Thompson also hopes to be present at the National Collegiate finals in Minnesota. In the event that he doesn't do the previous, he and his family will take a trek up to the High Sierras to fish, hunt, pan for gold, and just camp out and have loads of fun. Sort of a change from our hot summery weather down here!

Mr. Collins... He'll stay and endure the heat at his home in Banning if he doesn't go east. He may work a little, too.

Mr. Weeks... hasn't any definite plans on tab so far, but something might develop.

Miss Farrar... Going to Laguna if transportation comes through; she isn't sure, but she thinks she's going on a cruise. Her brother is coming back from a stint over seas, and to top that off, her niece is coming down, too! So things are really quite jolly.

Big Fish Fry Coming May 25

Members of the Palm Springs Fish and Game Conservation Association are impatiently waiting the evening of May 25 when the annual fish fry takes place on the Mashie Court of the Desert Inn.

The fish fry, which will be limited to members and their families only, will cost \$1.00 per person. Eating utensils will have to be provided by each person attending.

Mrs. Homer Jenkins Back From Hospital

Mrs. Homer B. Jenkins returned to her home here yesterday, after two weeks of confinement at the Loma Linda Hospital, where she underwent a major surgical operation. She is reported well on the road to complete recovery, but will be convalescent for a while.

Report Cards

By HERB MENNELL

For better or for worse something new has been added to report card time.

This year all report cards will be mailed to the students and will arrive about one week after school is out. This delay is caused by the fact that finals and the checking of books come on the last week of school and do not give the faculty and secretary, "Daisy" Kellar, ample time to make out the cards.

If a student has failed to turn in any textbooks or owes money to the school, his report card shall be withheld until the matter is cleared up, said Dr. Ernest E. Oertel, May 7.

Freshman Dance

By ADELE WOODS

The event that you all have been waiting for is to be held tonight. You know by now that this great event is the freshman dance, "The Little Top Ball." Just think—refreshments will be included in your admission! Don't forget, girls, ask the boys! Be sure and dress up in masquerade costumes! The admission is one dollar for couples or "stag." So it pays to bring your man!

"Eat your spinach, child. Don't you know it puts firm, white teeth in your mouth?"

"Then feed it to grandpa."

Sgt. Goff Making Progress, Report

Sgt. Dawson Goff, patient in the William Beaumont General Hospital, is slowly but surely recovering from wounds incurred during the African campaign. This report was made by Mrs. Lilly Goff, his mother, and Mrs. Dawson Goff, wife, who have just returned to Palm Springs after visiting him at El Paso, Texas, where the hospital is located.

Sgt. Goff was a patient at the Torney General Hospital until it was closed. He was transferred to a government hospital in San Fernando and stayed there until it, too, closed, when he was moved to El Paso.

Revival Service Now Under Way

The Rev. J. W. Bailey of Los Angeles is conducting revival services at the Baptist church on the reservation, with services daily.

A great joint mass meeting of both colored churches here is planned Sunday, at 2:30 p.m., with a dinner on the grounds at 1 p.m.

The Rev. W. R. White is pastor of the Baptist church and the Rev. W. R. Wise, of the other.

A campaign to raise \$500 to build a new Baptist church will be launched.

Phone 4444 for Yellow Cabs.

Portrait of the Week By BERNARD of Hollywood

Attractive Ruth Sougey . . . manager of La Paz Guest Ranch . . . is this week's selection. Ruth presents that ideal combination of being both an outdoor and indoor gal . . . and looks just as well in an evening dress as in Levis. She doesn't exactly look it, but claims she is the rugged type and we couldn't stop her once she started telling us about a fish she caught that was th-a-a-a long. This summer Ruth plans to visit Mexico City . . . and next year return again to La Paz to pursue her work and also her favorite pastime of riding . . . swimming and enjoying life in general.

What Goes On in Rancho Mirage

Here it is a week later and I'm still picking hayseed out of my hair from that hay ride with that bunch of "Borrachos" that Don Maher was piloting in his tractor-drawn grape trailer to the Legion party in Magnesia Canyon—but enough of this, it is done by a big-time writer in another part of the paper. If I remember my survey correctly the amphitheatre, falls and pool in Magnesia Canyon is a recreation area set aside for the property owners of Rancho Mirage.

We were sent by the prize by-line of the week from the inimitable Great Doc Gurley: "The Legion Party last week in Magnesia Canyon was a great success," says Doc in a recent exclusive interview. "But wait until you see my show!" I bit. "I'm gonna dam up the Whitewater wash and put in Showboats." "How do you do this Doc?" says I.

"Heck, I'll run a canal under the continental divide from the Mississippi and float 'em over under their own power."

Ed and Estella Ewart threw a grade "A" whingding at Ballard Jenkins' fashionable Sans Souci in Indio last Sunday night. They entertained the James Clarks, the Doc Gurleys, Irene Atteberry, Jane Ewart, Claire Leahy, our tried and true well driller, Ben Hatler, and us, Mary and me.

Enjoying the Atteberry "Health Wing" and getting caught up on her back suntanning this past week was the lovely Irene Atteberry. Duke pulled in last night, Irene said, from his job with the Bob Burns show. He will be here for a few days.

Visiting the Billy Adolphs at their adobe, Casa La Victoria, over Mother's Day were Doctor and Mrs. William E. Adolph and their grandson, William, from Westwood. Son Al landed at the Mirage Air Park also in his new Stearman. Their surprise visit was from their old friend, Anna May Wong's brother, Roger, from the engineering department of Douglas Aircraft.

Tech. Sgt. Paul Kersten, Jr., in the radio section of the tank corps, was expected home by his parents for Mother's Day. He didn't make it but is expected at any time.

Eighteen hours a day is not enough for Paul Kersten to plant his date shoots, for Hilda and Don Maher to get in their tender grape vines and for Amos and Nell Odell to get in their dates, also. It was the Odell six by six that helped haul you to and from the Legion party, chums. Sammy Matta brought their truck over and stayed with it all evening.

Mrs. B. C. Roos, wife of the well known Hollywood business manager, and Bo, Jr., dropped in to accompany her daughter, Carolyn Clark and her husband, Jim, to the party Friday night. They are on their way back to Beverly Hills from Detroit with a new car, a beautiful Ford Club Coupe, for Bo, Jr.—the lucky stiff.

Says our outstanding plumber, Bill McIntire, "I don't know how in the heck I'll ever get caught up."

Cheerio, Mates.

TO SELL POPPIES—High school girls who will be out selling poppies next Saturday, May 25, to aid the Owen B. Coffman Unit, American Legion Auxiliary, are shown above. They'll be on the job and the least you can do is to help them. (Frank Partridge photo.)

Corps of Volunteers Organized to Aid Legion Auxiliary in Poppy Sale Slated for Week from Tomorrow in Palm Springs

Organization of the corps of volunteers who will distribute Memorial poppies here on Poppy Day, Saturday, May 25, has been completed. Mrs. Jay Morrison, Poppy chairman of Owen Coffman unit of the American Legion Auxiliary, has announced.

The corps is composed of members of the Auxiliary and young women from Palm Springs high school. Carrying baskets of poppies made by disabled veterans of both world wars at West Los Angeles Veterans Hospital, they will be on the streets early on the morning of Poppy Day and will continue to offer the flowers, to be worn in honor of the war dead, throughout the day.

Serving with Mrs. Morrison, in charge of various sections of the corps, will be sub-chairmen, Mrs. Fay M. Bragg, Mrs. Rollie Cornell, Mrs. Mabel Bryant, and Mrs. Helen Allen. They will be assisted by Shirley Renville, Joyce Maloof, Carol Hagen, Jean Ruppert, Dot Winterton, Judy Spalding, Dixie Smith, Mabel Potter, Pat Fowler, Donella Knapp, Nancy Nye, Hazel Veith, Adele Woods, Betty Wright, Mary Louise Klug, Marjorie Porter, Barbara Jones, Mari Mauler, Joanne Wilkes, Bonnie Taylor, Virginia Miller, Elanne Purnel, Marilyn Sorum, Audrey Bentsen, Sandra Veano, Connie Nash, Marlene Knower, and Jackie Kingsbury.

Other members of the Auxiliary Poppy committee are Mrs. Henry Menard and Mrs. Harold Lineau.

In return for the poppies, the Poppy Day workers will receive contributions to the American Legion Auxiliary's Child Welfare, Rehabilitation, and Educational Assistance funds. The money will be used to aid disabled veterans of both wars and to assist families of veterans in need.

The disabled veterans who make the poppies are the only persons receiving any pay in the Auxiliary's poppy program, Mrs. Morrison explained. All of the women distributing the poppies donate their services for the day, and every penny of the money contributed goes for the benefit of the disabled men and needy families of veterans.

The local corps will be part of a nation-wide army of more than 100,000 unpaid volunteers who will distribute the little paper flowers of remembrance throughout the country on Poppy Day.

Taxi Driver: Oh, I say sir, your son always gives me twice as big a tip as that.
Millionaire: Well, he can afford it. After all, he's got a rich father and I haven't.

Village Goes All Out for Movement for World Peace

Under the auspices of the Palm Springs Group for World Peace, a well-attended open forum mass meeting was held recently at the Frances Stevens school auditorium. Mr. Kirk Linn, late of the Navy, acted as chairman, and introduced the principal speaker of the evening, Mortimer Stewart.

Mr. Stewart traced the start of wars, from between just two people in the days of ages ago until sovereign powers such as the great nations of the world today, became involved.

CAN BE DONE

He pointed out that international regulation is not impossible. It has been done in the past and can be done in the future.

He indicated that people of varying faiths and beliefs had gotten together before, and that people of varying faiths, beliefs and races, can get together again. "It has worked," he said.

TO PURSUE DEBATE

At the close of the formal speech, the meeting was thrown open to public debate and questions, which showed the sharp interest of the audience. As a result of this meeting the Palm Springs group is planning to expand its activities in the coming season. Further information concerning the group, its plans and activities, may be obtained by calling Miss Pauline Nelson, at 4566.

This coming Saturday, Mr. Charlton of Los Angeles, will show a film and give a talk on the same subject at 8 p.m., at the home of Mrs. E. N. Jordan, 928 Ave. de las Palmas, to which the public is cordially invited, free of charge.

Bill Hillery Comments on Cathedral City

By W. R. HILLERY

You know I'm not a fussy old maid, so I don't mind much where Phat, in his kindness, sticks these paragraphs. Two thoughts are in my mind. Someone in the Cathedral City Roundup not unkindly asked if I had become an isolationist by my remarks appearing elsewhere than with the rest of our village offerings. Not guilty, either, to that charge or to the larger one of personal political belief. No one has asked about the latter, but I would like to tell you some day how far I think I would go to prevent future wars.

Getting back to the point that touches on my loyalty to my home community, I am extending an invitation to you and you to go with me to Riverside on the several trips each month I make there, to San Bernardino next week, to Coachella the week following, and to various meetings in Palm Springs in which my efforts are for Cathedral City and its relation to the area and the county in which we live.

The near disastrous fire that occurred the other night at the rear of the Date Shop shows that we have willing hands to fight fire, but no equipment nor organization to work with. Sorry a high school board meeting kept me from a chamber of commerce meeting this week, and maybe the matter of forming the fire district was discussed. It is something that can be done now, as the matter lies almost entirely within our own community. In connection with the fire the other night, I was interested to learn from one of the two forestry fire fighters who came down from the Beaumont station about an hour after our fire was out, that upon the alarm being sounded here, Mrs. Scott phoned the department at Beaumont and their equipment started for Cathedral City, but five minutes later, upon learning that the fire was under control, Mrs. Scott had the thoughtfulness to again call Beaumont, telling them so. At that moment, the equipment was roaring through Banning when the radio recalled them to their station. Everyone is thankful that a fire did not get out of control in that physically hot spot. Claude and Edna should breathe easy on their vacation, for the wood-knockers and the believers in the three series happening can be assured that this fire was number three and the jinks has been satisfied.

This is Thursday, and tomorrow you should be voting for school directors. If enough of you turn out and vote, I am willing to rest my case with you. Actually, I kick myself for ever consenting to run, as I would do something for my family and myself if I attended more to my own business. But, through the years, the conviction has grown with me as well as others, that more cooperation was needed between the districts and that this area could be much more efficiently operated by combining the districts into one.

Cathedral City and the Canyon area here, and Tahcheva Wash in Palm Springs has been definitely recommended for first consideration in the flood protection program. In the meantime, folks, if you are exposed to the flood damage, you had better do something about your own premises until the new program can be carried out.

The county graders have kept the Cathedral City Water company on the hop to repair and replace the water lines the graders rip out. When the old lines and the service pipes were installed, they were put down about a foot above the surface of the ground then as is stood. No grade has ever been established, either along the highway in the Village or on the side street, as a result, floods have taken off the covering over the pipes in many places, and has piled it up at others, so the question is what is the level. I rather imagine that James G. Jordan, who is struggling with the system, will be glad to see the graders depart.

A survey is under way at present to determine the future expansion of our local water system. Probably the old well will be reactivated as a standby, although our present well can easily supply ten times our present population as shown by a recent efficiency test. If the energy of the community can be turned to establishing a fire district, it would probably help the water company in its planning to sit with a local board of fire commissioners and plan fire protection, which at present is nil in the Village.

Carl Howe and family have left for Big Bear.

Cathedral City Chamber Busy on Many Civic Items

Ten directors of the Chamber of Commerce met at the Higgin's Date Shop Tuesday night, May 14. The main subject for discussion was the need of raising garbage rates as the cost of the service had increased 50% in the last five years, while the amount of garbage from restaurants and stores has more than tripled, with no change in rate. The Sanitation Committee, headed by the chairman, Carol Waller, spent an evening recently working over the charges in order to equalize the fee to the amount of garbage. His recommendations were accepted by the directors without change.

Effective June 1, all rates will be raised to private residences from \$1.25 to \$1.50 a month. Cafes will pay \$6 a month and stores \$5. There will be no change for courts except for the initial charge being raised 25 cents, but there will be a closer check for additional rentals at 75 cents each. Landlords will be billed for tenants' pick-ups when they are past due.

The fire hazards were brought close home from the fire Monday morning. It was again realized that Cathedral is without protection of any kind, the fire truck being worse than useless. Mr. Dillon had promised to bring someone from the State Forestry Department to discuss putting in a state station. This was last November, following the presentation of a petition properly signed requesting that this district hold an election to provide itself with a Fire District.

The directors were asked to go to the Park on Sunday morning, at 9:30, in order to discuss the spending of \$700 for a concrete wall to prevent the park being washed away.

In prompt answer to the Joint Resolution mailed to the Board of Supervisors by the Cathedral City organizations two weeks ago, requesting all roads in Cathedral City be scraped and kept in better condition, the Board turned the matter over to the road superintendent, Mr. Cravens, who took immediate action and replied by sending the grader which has gone over every road in the townsite. A truck with two men followed the grader, removing the stones and leveling the dirt mounds and it, in turn, was followed by a sprinkler. This procedure has never been followed before.

Enough Trailers Says Civic Club

A preliminary canvas amongst property holders here in Cathedral City by the Civic Club shows that there is strong sentiment against having any more trailer parks within the townsite. At present, there are two trailer parks with a capacity of 150 trailers. This, it is felt, is sufficient for a village of this size.

Personals

Mrs. Emma Ritchie and Mrs. Ted Mance went to Los Angeles last Monday to stay for the summer. The weather was so cold and over-cast Mrs. Ritchie came back the next day. Felt like she'd been gone a month, she said. Accompanying her was her life-time friend, Mrs. Norval Latimer of Seattle.

Mr. Frank Naley, son of one of our well-known old time residents, was here for a few days getting some sunshine. Frank brought "oh's" and "ah's" from his Mom when he presented her with a beautiful green and gold box of candy for Mother's Day.

Don't know how the kids in the local school can study these past few hot weeks without a cooler, to say nothing of the teachers. How about some much needed school equipment being added?

Miss Lydia Engh entertained a group of friends at a kaffee klatch in honor of Mr. and Mrs. L. Hallstrom of Sierra Madre.

Sorry to hear that Mrs. A. Bowker has been ill in the Torney Hospital for four or five days. We hope she will be up and feeling fit soon.

The residents of Second street are feeling mighty happy over the new paving done there. Looks like the Board of Supervisors are working overtime on our streets lately, and how they needed this work! Let's hope they do it again in the fall, after the summer rains.

We hear the Cobbs ran into rain and hail on their trip through Colorado. Wish they would send some cool breezes down Cathedral way.

Mr. and Mrs. Fred Ahlefeld have gone to Santa Ana for the summer.

Capt. and Mrs. George True left this week for their summer cottage at Imperial Beach. Hope they give best regards to Mr. Paine, who used to be an annual visitor here.

Cathedral City To Aid in Poppy Sale on Saturday

Poppy Day will be observed in Cathedral City, Saturday, May 25. Mrs. Mabel Bryant, local resident who is sub-chairman of the Poppy committee of Owen Coffman Unit, American Legion Auxiliary, in Palm Springs, has announced.

The red paper poppy is the flower of remembrance to be worn as America's silent tribute to her heroes, as well as a reminder that the war is not over for thousands of former fighting men who are now in hospitals.

The bulk of the funds for financing the Legion's and Auxiliary's Rehabilitation, Child Welfare, and Education work for veterans' dependents and the families of the dead, who are in need, is derived from the annual sale of the memorial poppies.

Disabled veterans of both wars who are patients at the West Los Angeles Veterans Hospital made the poppies which will be on sale here at the post office and in the dress shop owned and operated by Miss Katherine Potter, who is a veteran of World War II, and a member of the American Legion.

The local poppy workers will be part of an army of more than 100,000 volunteers which will distribute the memorial poppies throughout the country on Poppy Day.

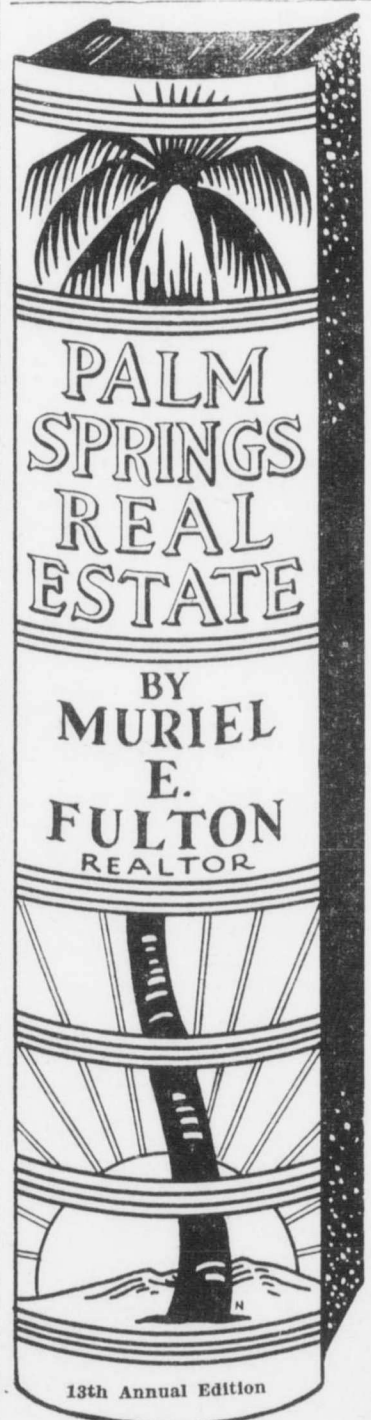

Fire Destroys Tiny Henry Car

Cathedral City narrowly missed a serious conflagration when an automobile in a shed back of the Malt Shop caught fire early Monday morning.

Half the inhabitants of the city assisted in putting out the blaze. The horn shorted and started to blow of its own accord, giving the alarm, half an hour more, according to John Cordell, formerly with the Los Angeles Fire Department.

The 250-gallon butane gas tank standing back of the cafe was saved. If it had exploded, all the buildings nearby would have been destroyed.

The car belonged to Tiny Henry. Her husband, Herbert, said the body was completely lost. The engine, he announced, can be salvaged.

SPOTS

Before Your Eyes
By BILL RASHALL

One can almost see the town melting—in population—as the days march through May; but why?

This past week, people here have enjoyed the most caressing weather they have enjoyed so far this season. I'm a tenderfoot on the desert hereabouts, but in my humble opinion, the Chamber of Commerce and all of those myriad of people who have to do with talking about this Village, have missed a bet. They should have directed their exploitation of this town's good climate so that it definitely and firmly included the month of May in activities.

Some of the days may have been a little warm but, oh! these nights. They have been as sweet as nectar.

THAT GUY!

The only adventure that marred my deep appreciation of the past week, was the wild ride I took with one Don Maher at the controls of a tractor. That guy—I had up and down Magnesia canyon last Friday night. On the way, he kept calling, what seemed to me, a square dance. He would stop that long trailer his tractor was pulling and shout: "Ladies to the right and men to the left." But nobody danced and after awhile the ride began again.

Happened in at the Lido the other night. Frank Selviella kept asking me questions about the canned food and money drive for the hungry people overseas. Everytime he gave me change he'd throw some money of his own down to mingle with mine and then say: "That's for the food drive, Bill." Leo Wozniak, who works with him behind the bar, watching the proceedings, began to follow suit. In the end he, Frank and "Danny" Danzinger contributed a considerable amount to the Desert Sun's drive for food to be sent to people in war-ravaged countries. They also started a penny bank by asking customers with odd pennies in their pockets to throw them into the pot.

HERE FOR REST

Gertrude Wolfson and Josephine DeMonte are in town to spend a few days from work in Los Angeles. The dark, murky days in Los Angeles during the past two weeks, in their opinion, makes the Village not unlike an Eden by comparison. They complained, however, there's no Adam to whom they can give the apple. Such lovelies—and most of the boys gone, too. Miss May Mack and James White followed them into Palm Springs. It was her first time in Palm Springs and

Boy Scout Troop To Be Sponsored

The field executive of the Boy Scout program, stationed in Riverside, visited L. Duncan on Wednesday, May 15, and discussed with him the granting of a new annual charter to the Pack. He pointed out that the movement started with four boys, has increased to 20. As a result, there is need for a real scouting program here. He requested that the Chamber of Commerce sponsor the Pack, which that organization agreed to do.

National Parks Topic of Sermon

Reverend John Abels will preach on "God's Wonderland" at the Community Church this coming Sunday morning. He will tell of his experiences at Boulder Dam, Zion National Park, Bryce, the Kaibab Forest and the North Rim of the Grand Canyon.

Mr. and Mrs. Homer Gould have gone summering to Yucaipa and Downieville. Bet they can some fruit while there.

Mrs. Wolseth entertained her former dramatic coach, Miss Jessie Kistler of Huntington Park, for several days. Guess that's where Mary's talent for stirring up the public came from. She can be very dramatic when the occasion calls for it.

she fell in love with it—in May, too.

The strains of "Happy Birthday For Two" was heard through the patio at the Dunes the other night. It was being sung for Anne of Hatchitt's Market and Rae, the manicurist. They were celebrating a double birthday party. Jules and Webb, the happy songsters, played their favorite songs.

KIDS AID, TOO

Young Larry Ostrow came into the office the other day and almost twisted a sob out of his heart. He wanted to help in the food and money drive. He subsequently organized a drive in his class room which today has more than 400 cans of food piled up ready for collection. The kids have collected money, too.

Juan is still drawing them in at the Chi Chi. Bob Ball of San Bernardino, pianist, is booked at the Lido to start either Friday or Saturday.

It was a nice party Dr. P. A. Staley and wife gave for Alice Guthrie in celebration of her birthday. Present at the affair, held in the Dunes, were in addition to the host and honored guest, Florian Boyd, Ray Colgate and wife, Sally, and a young couple unknown to me.

The Desert Sun—5

Lori Lee Bering Becomes Bride of Captain Tom Lyon at Impressive Ceremonies Staged at Tennis Club

In a setting of exotic splendor and with more than 200 guests in attendance, Miss Lori Lee Bering, daughter of Mr. and Mrs. Lee Wallace Bering, became the bride of Captain Tom Lyon, Jr., son of Mr. and Mrs. Tom Lyon of Salt Lake City, in a ceremony performed at the Palm Springs Tennis club last Saturday.

The floral covered altar was set at the end of the Bowling Green, and it was there that the bride groom and the Reverend Robert and it was there that the bride was escorted down the green sward demarked with ribbons behind which the spectators stood. At each small post to which the ribbon was tied, maiden-hair fern was the adornment, with white paper bells.

EVEN MORE SO

If the setting in which the bride and her groom exchanged vows was beautiful, the setting for the reception which followed was even more so. Huge figurines moulded out of ice adorned the cocktail bar set on the lawn and the table where the buffet luncheon was spread. The huge open fire-place almost at the entrance of the Tennis Club was filled with shaved ice from which a multitude of champagne bottles protruded. Each table during the evening wedding banquet was beautifully arranged and candlelit. The table at which the bridal couple sat with many of their in-

imate friends showed a tiered cake of five layers. This table was on the highest elevation of the Tennis Club grounds, with the diner below looking up at it, was not unlike a beautiful stage setting.

Lee Bering, manager of the Tennis Club, gave the bride away. The maid of honor was Miss Betty Premeau, cousin of the bride. The bridesmaids were Helen Louise Williams and Barbara Miller of the Village, Janet Oswald, Barbara Bacon, Norrie Moore of Los Angeles, and Patricia Morley of Dallas, Texas.

The best man was Captain Robert Moffat of Salt Lake City, and ushers were Addison Hoof, Jr., Lt. Gereth McLain, Maj. Tom Scroggins, Lt. John Fulmor, Lt. Robert Bacon and Lt. Robert Thais.

Following the reception, the couple left for a honeymoon to Arizona and from there, to Guaymas, Mexico. They will make their home in Long Beach, where Captain Lyon is now stationed.

Alworth and Nichols Fly to National Capital to Seek Acquisition of Torney

William E. Alworth, city manager, and Culver Nichols, councilman, have been riding the Washington, D.C. "merry-go-round" ever since Tuesday morning.

The two took off from here via American Air Lines for the Nation's capital to personally present the city's plea for the acquisition of the Torney General Hospital property. Prior to their departure, Alworth had been in touch with Congressman John Phillips in Washington, D.C., who promised he would have appointments with the proper persons with whom they could discuss the city's application for Torney.

CITY CONFIDENT

As The Desert Sun went to press, no word had been received by city officials as to their progress or 'luck.' Nevertheless, there was confidence around the city council table Wednesday afternoon, that Alworth and Culver would exhaust every avenue and adjective in presenting the city's plan.

Both of them left Palm Springs with the written blessings of the Community Hospital, The Desert School District and other civic organizations in the form of endorsements to the city's application which was to be presented to Washington officials.

PETITION READY

Alworth took with him lengthy documents, personally prepared, to bolster the city's application from a standpoint of justification for the transfer from the government to the city of the Torney property.

Both men were also to find out what measures could be taken relative to making the local army air base a municipal airport when the army abandons that field July 15.

FERTILIZER

THERE THEY GO!—But not out of the gate although the start was good. So was the finish. It's the Los Compadres club off on its annual four-day pack trip through the mountains. They left Sunday, got back Wednesday night. (Photo by Bud McCary, Western Air Lines photographer.)

Los Compadres Club Riders Return from Four-Day Pack Trip, Tired, Happy But Unanimous That It Was a Real Nice Ride

They were a bunch of weary but happy Los Compadres that trooped back into town Wednesday night from a four-day trek into the San Jacinto mountains. Only one accident marred the excursion. Ernie Andreas was thrown from his horse during a bucking-horse ride exhibition. The incident happened Tuesday night and Andreas was taken to the Palm Springs Community hospital. The extent of his injuries were unknown Thursday afternoon, the hospital reporting only that he had slept well during the preceding night.

The riders started their trek from the Araby Stables early Sunday morning, and spent the first night at Water Hole Ranch. The second night, they "went soft" and slept in beds between snow white sheets at the Idyllwild Lodge. The third night, Tuesday, they encamped again at Bunker's Ranch, where it was reported their teeth chattered, induced by cold. The ride Wednesday morning for Palm Springs and home began with a dinner waiting at the Araby Stables, prepared by those members of the Los Compadres who did not participate in the ride.

AMATEUR SHOW

At the Water-Hole Ranch, during the first night out, an amateur show was staged with all riders participating. Monday night at

Idyllwild, Bob Funk, manager of the Idyllwild Lodge, hosted a Mexican dinner for the group. Later, they all went dancing at the Fern Valley Lodge. At Bunker's Ranch, another night of membership entertainment took place.

Driving up for the dance Monday night, instead of riding on horseback, were Mr. and Mrs. Ted Reed, Mrs. Carl Watson, Mrs. Bill Chinn, Mrs. Wal Spalding and Jim Coffman.

Those who participated were: Mr. and Mrs. Jimmy Hume, Mr. and Mrs. Hutch Mosley, Mr. and Mrs. Elmo Purnell, Mr. and Mrs. Kenny Paul, Mr. and Mrs. Joe Butler, Mr. and Mrs. Tex Driscoll, Dean Thomas, Miss May MacKoe, Cliff Campbell, Mr. and Mrs. Ernie Andreas, Jimmie Cooper,

Looking Ahead

George Charbonneau
Sees Future Pilots

George Charbonneau, former manager of the Desert Inn Garage, is looking into the future for business. The other day he had a group of fourth grade pupils from the Indio school at the Indio airport, of which he is co-owner, talking aviation to them.

"They'll be learning to fly in a few years," he said.

Next Sunday a "bombing contest" will be held at the Indio airport, starting at 10 a.m. Five pound paper sacks of lime will be dropped in a 75-foot circle at 200 feet.

Prizes will be awarded the winners.

Miss Juanita Redman, Miss Stella Rooke, Mrs. Jane Neal, Mr. and Mrs. Phil Delano, "Red" La Fleur, Miss Roth Roberson, Carl Watson, Mr. and Mrs. Trav Rogers, Tom Pennington, Wall Spalding and Bill Chinn.

MORE ABOUT...

Food Drive...

latter organization is 100 Maiden Lane, New York City.

CONGRATULATE CITY

Hearty congratulations to the citizens of Palm Springs and the Desert Sun were received in a telegraphic communication from the offices of Henry A. Wallace in New York City, and signed by Lee Marshall, executive director.

Directions for the collection, sorting and shipping of the collected food were contained in letters received from Marshall. These will be announced just prior to the closing of the food and money donations' campaign.

So far, close to 2,000 cans of assorted foods have been collected. More than \$100 has been voluntarily sent in to the offices of the Desert Sun, Chamber of Commerce and the Post Office. These three offices are also used as a collection depot.

FOOD COLLECTED

Tuesday night, Harry Harper, secretary of the Chamber of Commerce, Jacques Crommlin, associated with Raymond Cree, realtor, Don Cameron, of Rancho Mirage and assistant city manager, Bob Peterson, the latter driving a city fire truck, helped in loading the food stuffs accumulated at the three city depots. This food was taken to an empty building at Torney General Hospital, where it will be packed and sorted.

Members of the Desert Sun staff were figuratively bowled over when three tiny tots, Larry Ostrow, Henry Myers and James Pye, all in the fourth grade, came to the office of this paper to report that the students of their room had started a house-to-house canvas for canned foods and money.

OVER TOP FIVEFOLD

Miss Kress, teacher of these pupils, announced that the movement had begun last week under the leadership of Larry Ostrow. He had gathered about him the other two boys as additional leaders and started their own campaign. Their goal was 100 cans, but as the week drew to a close, close to 500 cans had been collected. Fourteen dollars had also been donated.

Nancy Schisler, student in room 8 of the Frances Stevens school, wrote what may be termed the rallying letter. Said Nancy in part: "Your child may come home and ask for some canned food to take to school. Please give it to him. It will help save a life."

Another child in grade five wrote: "The fifth grade of Frances Stevens School has mobilized

work in many capacities for many years as director and officer. Mr. Bailey, owner of the Desert Hand Laundry, has served as chairman of the Chamber's taxation committee during the past year, and with Mr. Isenagie handled a big part of the incorporation of the Desert Circus. Mr. Ingram, the treasurer, is manager of the Palm Springs branch of the Bank of America and has served as treasurer for many years.

ON C. OF C. BOARD

Other members of the board of directors are as follows:

To serve until May 31, 1947—J. E. Ballard, Florian Boyd, Philip L. Boyd, Earl Coffman, Francis Crocker, Ruth Hardy, Harold J. Hicks, W. R. Hillery, Fred G. Ingram, Cecil Isenagie, Kenneth B. Kirk, Carl G. Lykken, Robert Ransom, Harold Murphy, Carl Haymond, and William Lippman. To serve until May 31, 1948—Ernest Alschuler, Leo Baker, Frank Bennett, Dwayne Bardwell, Arthur Bailey, Joseph Butler, M. A. Charlston, James Coffman, Frank Cutler, Philip Delano, Wilson Gibbs, John G. Hornmel, Barney Hinkle, William Nash, Culver Nichols, Stanley Rosin, Lloyd Simon, Earle Strebe, and Frederick Watson.

The Mason and Dixon Line

The Mason and Dixon Line was surveyed between November 13, 1763, and December, 1767, by two Englishmen, Charles Mason and Jeremiah Dixon. It separates the states of Maryland and Pennsylvania. Before the Civil war it was the dividing line between the slaveholding and the free territory.

Our Mineral Production

According to authentic records the people of the United States produce 34 percent of the world's coal, 40 percent of the iron and steel, 40 percent of the supply of copper, 32 percent of the lead, 42 percent of the world's aluminum and 65 percent of the world's petroleum.

to help feed the people of other nations. Each can we bring our teachers, or money for the good drive, will help. The children of our room have written speeches to give to the other rooms. We are going around to houses to get more canned foods. Will you help us?"

The fifth grade has collected a considerable amount of food, too.

County's Program to Aid Crippled Children Outlined

Under the direction of Dr. Warren A. Fox, county health officer, Riverside county has one of the best programs in California for care of crippled children, said Mrs. Madge Holderman, Palm Springs public health nurse, today, in outlining one of the best but probably the least publicized type of health service here.

"Any handicap which prevents a child from making the most of life is considered crippling," she said. "Because so many people here do not realize the extent of this program, I think it would be right to give the details."

OUTLINES PROGRAM

"Among the handicaps under care are deafness, blindness or partial blindness, speech imperfections, unsightly blemishes, in short, any physical imperfection a child may have.

"Riverside county has one of the best programs in California, a state where much attention is given to the needs of the crippled child.

"This program, one of the best, is the least known.

VILLAGE PARTICIPATES

"Does Palm Springs participate in this program? Decidedly, yes. Whenever a child is found to be in need of this care he is scheduled to go to the orthopedic clinic held once a month at the county court house. Usually several children are scheduled each month. At the last one three Village youngsters were present.

"Dr. Alvia Brockway, an orthopedic surgeon appointed by the state, is in charge of the clinic. The examination is made free of charge. In the event there must be surgery or other expensive treatment, a fee in keeping with the child's parents to pay is made, the balance of the charge is taken care of by the crippled children's service out of funds set up in co-operation with federal state and county government. Thus, no child need go through life with a handicap that it is possible to correct.

Any person may report a case, in fact, it is the duty of every one to see that these services are made available to all children in need of the service. Appointments may be made with me, by dialing 2195. If the case is unknown to me, I will immediately investigate and see that an appointment is made for the next clinic."

Quick Action Prevents Blaze

Palm Palm Springs Fire department answered a fire call at the home of O. H. Small, on Paseo El Mirador where smoldering electric wires in the attic threatened at any moment to break out into a blaze.

Damages incurred amounted to \$50, according to firemen.

The Veterans Administration employs 106,000 doctors, lawyers, actuarial experts, clerks and investigators.

Western Chain Grocers in Convention Here

Delegates From All Over Coast Here To Bring Desert Inn Season to Highly Successful Close at Big Convention

By MARY WALKER

Calendar at the Desert Inn continued crowded right up to the moment of closing for the highly successful 1945-46 season yesterday morning. Gates of the famous hotel will re-open for the new season on October 1.

Final event on the busy season's program was the four-day convention of the Western States Chain Grocers association which met Sunday and adjourned yesterday.

MUCH ENTERTAINMENT

A constant round of entertainment featured the sessions with golf tournaments, bridge tournaments, horseback riding, archery, badminton and water sports on the program.

The special event creating the greatest interest and getting the most laughs was the hilarious burro race Wednesday afternoon. Later Wednesday there was a cocktail party on the patio, followed by the annual dinner and then the dance on the tennis courts where everybody enjoyed dancing, music and entertainment under the desert moon.

25TH CONVENTION

It was the 25th annual gathering of the association and the theme was "Greater Efficiency in Peacetime Food Distribution."

John A. Logan of Washington, D.C., president of the National Association of Food Chains, was an interesting out-of-state speaker. He addressed the convention on "Food Industry in War and Peace," and also gave a "Report from Washington, D.C."

Presiding over the convention was President Claude Edwards

of Los Angeles. Other officers present were Vice-President M. L. Kean of Seattle, Secretary James Stockholm of Oakland, and Executive Secretary Phil J. Sewarington. Directors present were Joseph R. Hughes of Los Angeles; Fred G. Mayer, Portland, Ore., and John Niven, San Francisco.

Former Village Resident Loses In Oregon Fire

Stanley Morgan, former well known Villager and operator of fountains in local drug stores in the past years, is now in Medford, Oregon, with the Crater Meat company, but recently the victim of a little bad luck.

The company's meat packing plant was destroyed in a fire and they are now in the process of rebuilding. They hope to be operating again about June 1.

Morgan, well known here, was an executive in the State Guard company and also was in training at Fort Lewis 18 months ago.

In the first three post-war months, the Veterans Administration was paying pensions to World War II veterans totalling \$538,177,299.85.

Careless Toss Of Cigarette Is Blamed in Fire

Violet Hubs of the Del Tah-quitz hotel doesn't smoke so it could not have been her cigarette which caused the destruction by fire of the front seat of her automobile.

Miss Hubs told firemen she had parked her car in front of the hotel at 10 a.m. When she returned to her automobile at 4 p.m. she took one glance at the front seat and then ran for a telephone and called the fire department. Because Miss Hubs doesn't smoke cigarettes, firemen believe that a passing motorist had carelessly tossed a burning rag through the open window of her car.

Despite this incident she doesn't intend to take up the habit of smoking but anyone can bet that the windows of her car henceforth will be rolled up.

Village Mothers Given Honors at Church Service

Community church was full to capacity Sunday when the annual Mother's and Children's Day program was presented.

A program of recitation and song, honoring Mother's Day was heard and awards were given mothers at the services.

Mrs. Illick, mother of Walter Illick, was awarded the prize for being the oldest mother present and Mrs. Nadine Frost for being the youngest mother there. Mrs. O. S. McKinney was awarded flowers for having the most children, and Mrs. C. V. Knupp for having the most in Sunday school.

American Way of Life Best Served Through Education

"I Am An American" day will be observed Sunday morning at St. Paul's in the Desert, Episcopal church. The Rev. Robert M. Hogarth, rector, will preach on "Education in the American Way of Life."

"Few people have even a vague idea of what is meant by that phrase 'American Way of Life,' used so glibly by war bond sellers in the war and for the united cooperation in the war effort," said Rev. Hogarth. "One principle that lies at the source of this

American Way and contributes to it is the Universal Education of the Young. With all its apparent weakness it is still the greatest contributing factor."

The Sunday School will meet this Sunday for the last time until the re-opening of the schools in September. Most of the teachers and pupils are planning to leave right after the closing of the schools next Friday. Children remaining in town are urged to attend Church with their parents. Regular morning services will continue through June 2.

The annual Baccalaureate sermon for members of the graduating class of Palm Springs high school will be presented Sunday evening, at 7:30, with the rector in charge.

Hay Truck Blaze Lights Skies to North of Village

Casting a bright glow over the northern edge of the Village, a truck-load of hay was destroyed by fire at dusk Sunday on Highway 99, three miles east of Gar-net.

The glow and pall of smoke caused several reports to be sent to local police by Villagers who believed it might have been an airplane crash.

State forestry fire truck from San Geronimo Pass station was sent to the scene but could do little beyond keeping the blaze from spreading.

Driver of the truck was G. L. Hogwood, Los Angeles. Defective wiring on the truck was believed the cause of the fire.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

A curious thing is happening. It is a heartening thing. I have spoken, in previous columns, of the nationwide propaganda campaign being carried on by the OPA, and of the false information going out from OPA sources. This campaign was backed up by several of the most noted of the left-wing columnists and radio commentators, of whom, unfortunately, we have too many in this country, supported by the thoughtless willingness of the people to keep on buying the products they advertise.

Two of them, you will recall, urged the people to write their Congressmen and insist that the Emergency Price Control legislation be passed "without crippling amendments." Another demand was that the Senate "undo something the House was supposed to have done to the bill. This campaign was followed by more propaganda, regarding the results of the radio efforts to influence Congress.

I recall hearing one broadcast, while I was in California, which said that Congress would return to Washington "in a chastened mood" or something like that. Another (I think this was the notably inaccurate Pearson column) spoke of the piling up of mail in Congressional offices, all (you were asked to believe) supporting OPA. Let's look at some facts:

This is a typical office. Other Congressmen have made similar reports in the Congressional Record. Up to about the first of May, no accurate record was kept in my office of the letters which came in as the result of this OPA propaganda campaign, nor of the

CIO efforts to get letters "from home." At one time I figured we had received 33 letters favoring OPA, and 24 letters opposing it, directly traceable to Mr. Bowles' earnest efforts to maintain his agency. I did not think of that as a great pile of mail.

About that time, Fulton Lewis Jr. began to give facts over the air; just as this column has been giving facts for several years, about the OPA. He told of the poor administration; of the delays in getting back into production due to OPA. He told of the absurdities of OPA regulations. Best of all, he told what Congress was really trying to do, which is very different from what the OPA tells the people that Congress is trying to do!

From May 2nd to May 8th inclusive, I have received only 18 letters from the 22nd District supporting OPA, and 116 letters supporting the Congress, and opposing the OPA and the OPA propaganda. This does not include letters on other subjects, to which the writer has appended a P.S. or final paragraph, telling me to try and correct OPA abuses, or get rid of OPA. Isn't that an interesting record for one week?

More than this, many letters supporting OPA were obviously from people who did not understand the situation, but who had simply been told to write the Congressman and tell him to "save OPA." Many were primarily an appeal against inflation, which Congress is fighting desperately every day, but which the administration of OPA invites. Many of the pro-OPA letters were typed on stationery from the same box, written on the same typewriter. There might be several from the same family, or address.

When the anti-OPA letters began to come in, they were individually written letters, showing personal knowledge and interest, quite often giving the reasons, from personal experiences, why OPA policies are causing inflationary trends, and why they must be curbed.

I have an idea that the propaganda campaign of Mr. Bowles, based in the opinion of many people here, on personal ambition, has backfired. The people have decided to think for themselves. When I was home ten days ago, I said this thinking for ourselves was the most important matter before the American people. Ambitious individuals and minority groups would like to think for us. I said, in the words of the President, that this is truly "the year of decision."

Now that the people's interest is rising, I will repeat and com-

In his first term Phil Boyd has made an outstanding record. His experience in the legislature, combined with his thorough knowledge of business and agriculture, qualify him to continue to serve the people of Riverside County.

Paul Grimm Will Paint Hans Ohrts, Famous Bicyclists

Paul Grimm, noted Palm Springs artist, is preparing to put the famous Beverly Hills tandem couple, Mr. and Mrs. Hans Ohrt, on canvas.

The Ohrts last week completed their sixth annual tandem trip of 132 miles from Beverly Hills to Palm Springs and are now staying at the Desert Inn. They have purchased property in the La Quinta section and plan to build a home there.

Visiting Mr. Grimm's gallery, Mr. and Mrs. Ohrt purchased a beautiful oil painting by Mr. Grimm which shows the desert expanse between Palm Springs and La Quinta, territory which they have often covered on bicycling excursions.

Thief Steals Parts From Parked Auto

Lynn Rogers reported to local police Monday that a thief had removed the fender skirts from his parked car.

The vehicle was parked before a local apartment house when the theft occurred during the night.

New provisions of the G.I. Bill authorize the Veterans Administration to guarantee loans for repairs and improvements on veterans' homes, farms, stores and shops.

ment next week upon the amendments put in the OPA Extension Bill, when it passed the House (by vote of 355 to 42) on April 17.

RHEUMATISM and ARTHRITIS

RANCHO MIRAGE

Where Worries Fade And
Time Stands Still

LIVE IN THE DESERT
AS NATURE MADE IT

Here's a spot in the desert just made for you, a spot where worries fade and time stands still. It's at Rancho Mirage. Nestling in the lee of the great San Jacinto Range, Rancho Mirage overlooks the gently rolling desert valley. Here you enjoy a full day of desert sun and when the balmy desert night sets in a myriad of twinkling, friendly stars seem close enough to touch.

NO CROWDING AT RANCHO MIRAGE

Yes, Rancho Mirage is made for the family that wants breathing space. Here the lots are large, the estates spacious. You enjoy the desert as nature meant it to be enjoyed surrounded by natural desert foliage. We would like to show you Rancho Mirage . . . The choice lot locations; the modern homes now under construction. Come and sample the desert at its best.

Villagers Launch New Wholesale Firm for Desert

Three prominent Palm Springs men this week announced the formation of the Desert Produce company, to serve the entire desert area with fresh meats, poultry, frozen and fresh fish, provisions and produce. Their headquarters will be at 110 South San Geronimo avenue, Banning.

Interested in the company are Lt. Col. Paul W. Herbert, former air line executive and first commanding officer at the local air-base when it was opened shortly after the start of the war; Al Simone, former owner of the Palm Springs Produce company and a long-time resident of the Village; Jack Freeman, a long-time resident of Palm Springs, just out of the army. Freeman has been in the wholesale meat, produce and provision business in the desert for more than 10 years.

The company plans to open for business on September 1, this year, and plans daily service to markets in the district from Riverside to Indio and to Twenty-nine Palms. Less frequent service is planned throughout the desert area as far as the Imperial valley.

Their business will be strictly on a wholesale basis.

Lt. Col. Herbert left Palm Springs as a lieutenant but comes back as a lieutenant colonel.

Husbands Joins Transamerica

Appointment of Sam H. Husbands as executive vice president of Transamerica Corporation was announced today by A. P. Gianini, chairman of the board, and characterized by the latter as "good fortune for the Far West." Notification of the appointment was received by Fred Ingram, local Bank of America manager, today.

Husbands is nationally known through his prominent connection with the Reconstruction Finance Corporation since its inception, and which he joined in 1932 after 20 years of banking in South Carolina.

Sneak Thieves Raid Automobile

Mrs. Ona Brown, 285 Palo Verde, reported to police the fore part of the week that sneak thieves had rifled an automobile of several articles she had just purchased at local stores.

She placed the articles in the car and then went into another shop. When she returned a few moments later, the first items were gone.

The theft was perpetrated, she said, in the 200 block on North Palm Canyon drive in the middle of the day.

Coming Home

Jimmy Partridge Due
Back in Village Soon

James (Jimmy) Partridge, son of Mr. and Mrs. Frank Partridge, will be home early next month, according to his dad.

The young Villager, in the Navy for the past two years and four months and overseas 16 months of that time, is expected back in Pearl Harbor by this weekend and in San Francisco about June 1.

He served most of his overseas time in radio work in the Philippines.

The Partridges are preparing a great reception for him. His dad is one of the leading commercial photographers of the Village.

Whining Saws and Pounding Hammers At Dawn Protested

Whining saws and pounding hammers may be sweet music to accompany the story of the great growth of the Village.

But there's a time for all things.

That's why, in this case, the early bird didn't get the worm—he got the bird.

Two complaints came in to police Monday morning from Villagers who like their sleep.

Frank Martineau, 1682 Tamarisk road, reported that builders on a construction project next to his home have been starting their cacophony of progress at 5 a.m., much to his annoyance. He is just back from a severe siege of illness at a nearby hospital and recuperating at his home here.

L. B. Morrison, 784 North Patencia road, had a similar complaint. Only, in his case, the busy saw and hammer boys got on the job at 4 a.m.

Chief of Police August G. Kettmann assigned officers to investigate to see what could be done. Contractors said the men preferred to go to work early because of coolness then compared to the heat of midday.

Scout Leader At Conference

C. J. Carlson, Regional Scout Executive, of Riverside, left last week to attend the National Council of the Boy Scouts of America 36th annual meeting at St. Louis, Mo., yesterday and today. "Scouts of the World—Building Together" is the keynote.

Nearly 1,000 men will attend the sessions, representing many of the 543 Local Boy Scout Councils which administer the programs of the Movement to 1,977,463 Cub Scouts, Boy Scouts, Senior Scouts, and adult leaders, making it the largest youth movement in the United States.

Accused in Check Case Still In Jail as New Trial Asked

Jury which heard the case of Veryl Jones, of San Bernardino, accused of passing a bad check at the Royal Palms hotel Feb. 25, was unable to agree on the guilt of the accused after two and one-half hours of deliberation and was dismissed.

Jones was arrested on complaint of Earl Grey of the hotel, who alleged that the defendant had presented a check with insufficient funds to cover it.

Jones was remanded back to county jail awaiting the setting of the date for a new trial. The case was heard before Judge R. A. Moore in department 1 of the superior court. Harry M. Daugherty, chief deputy for the district attorney, handled the prosecution. Jones was represented by Attorney Robert Allen of Riverside.

Niece Here on 'Flying' Visit

Mary Jane Chap, Los Angeles, and J. R. Firment, a pilot in the U. S. Navy, flew back to Los Angeles Sunday after a literal "flying visit" with Miss Chap's aunt here, Mrs. Jack Grove.

Following their return to Los Angeles, the pilot took off for New York to visit his parents.

He plans to return to the west coast soon.

Scooter Accident Painful to Villager

Sanford L. Horn, 292 South Indian avenue, received medical treatment this week for a severe cut on the chin.

The injury was received in a scooter accident.

VILLAGE

5 and 10

200 N. Palm Canyon Dr.

Sister of Villager Succumbs in Ontario

Word was received here Monday by R. F. Graettinger, editor of The Desert Sun, of the death of a sister, Mrs. George B. Sell, wife of a prominent Ontario citrus grower, former mayor of that city.

Funeral services were held yesterday at Ontario.

This Desert 3,000 ft. up

We love our desert, too. It's the same as yours, only a little over 30 minutes away and 3,000 feet up.

Cooler daytimes and a blanket at night.

Highland Springs Guest Ranch, nestled in pine and oak-clad hills and canyons, is your next ideal move. Any time after Easter—we are full now. A real dude ranch—horses, pool, purebred Guernsey dairy, thousands of chickens, orchards, olive groves, vineyards. Wonderful meals, a good social life, all sports, and yet with all this as restful as you want to be.

The address? Beaumont, P. O. Box 755. The telephone? Beaumont 661. You too will love our summer desert-mountain spot at Highland Springs Guest Ranch. adv.

From Head to Toe

By BARBARA K. SCHILLY

They tell us the season is over . . . and so it probably is . . . but aside from the fact that stores are closing and I actually found a place for friends to stay . . . things still look quite normal and undoubtedly many Palmspringers are going to remain through the summer.

Now . . . although it isn't completely unbearable (C. of C. please note) . . . it does get a wee bit warmish (shall we say) as the summer progresses . . . and consequently the foremost thought in regard to women's appearance is . . . how to keep cool. As that is quite impossible to accomplish at all times . . . the next question is . . . how to look cool. No compliment can be paid a woman in hot weather than . . . "how do you manage to look so neat and refreshed".

DOUBLY CAUTIOUS

Because it is so easy to look "frumpy" in hot weather, it is necessary to be twice as cautious in order to achieve that band-box look. Heat merely emphasises any laxness one may have toward her personal appearance.

Hair . . . of course . . . is the first prosecuting evidence to give one away as to body temperature. The moment it becomes damp and disheveled . . . the whole deception of being cool is lost. Hence . . . the obvious answer is . . . wear it up.

It is always possible to push the hair up . . . stick in a few pins and enjoy a cool breeze on the back of the neck . . . but this is not exactly what we mean. There are a hundred different ways to wear hair up . . . from braids to the newer soft curls . . . and one of these styles is bound to flatter any woman . . . so practice the style until not a hair is out of place. We have found that wave solution is a great asset in grooming a coiffure and it leaves the hair much softer than many laquers.

LIGHTER THE BETTER

Last summer your reporter stayed here and consequently experimented with every kind of makeup. Of course . . . the best answer to the combination of perspiration and makeup is to wear none . . . except lipstick and mascara . . . and fortunate are those who can glide by with this solution . . . but for most of those who wear some kind of powder, etc. . . we have found that the lighter it is applied, the better . . . and a light touch of cake or liquid makeup generally is better than powder . . . for powder does mat.

Feet and hands need double attention in hot weather for the simple reasons that they require it more and the fact that we mentioned before . . . one just must be doubly careful as it takes so much more effort to look "just so" when old sol is blazing down at 110 degrees.

No need to mention the necessity of crisp clothing . . . every woman knows that. So . . . add to it all a determination to avoid that wilted look . . . a few dashes of a flowery cologne . . . and if there happens to be an air conditioner around any place . . . well . . . it might help, too.

**Ernest LaFleurs
To Leave for Summer**

Mr. and Mrs. Ernest LaFleur have been entertaining as their house guest at their home, 749 Calle de Marcus, Mrs. Etta Allen of Bakersfield.

Mr. and Mrs. LaFleur plan to leave for Berkeley to spend the summer within the next few days. They will return here in the fall.

Two little urchins stood with their noses pressed against the barber-shop window. "Gee, Mickey, look at that one," said one, as he spied a barber wielding a singeing taper. "He's lookin' for 'em with a light!"

**Boyd Will Run
On Record of
His First Term**

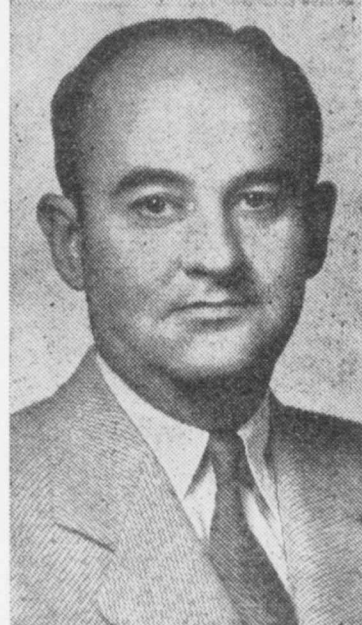

Don W. Hancock, chairman of a bi-partisan committee for the election of Phil Boyd for a second term as assemblyman for Riverside County, announces that Mr. Boyd is a candidate for reelection on the record of his first term in the lower house.

In making the announcement, Hancock cited the record of Boyd during his first term in the lower house. Formerly of Palm Springs, Boyd was asked to accept the nomination for assemblyman again. In making his nomination speech before the bi-partisan committee, Hancock said:

"Two years ago a group of Riverside County Democrats and Republicans prevailed upon Phil Boyd, former mayor of Palm Springs, to accept the nomination for assemblyman for Riverside County.

"An appeal was made to voters of all parties to elect a man of character and ability to the assembly.

"Mr. Boyd was nominated by both the Republican and Demo-

CANDIDATE—Philip L. Boyd of Palm Springs runs for second term in State Assembly.

cratic parties and in his first term won for himself recognition as one of the able and outstanding members of the legislature.

"The same men and women who asked him to run two years ago have secured his agreement to stand for election again and will ask the voters to reward able service by returning him to Sacramento.

"He has been a member of important committees including those on agriculture, conservation and planning which includes highways, crimes and correction, municipal and county government, social welfare and is vice-chairman of the interim committee on state and local taxation.

"He was active in the authorship of the Riverside County flood and water conservation act, the Mount San Jacinto winter park authority act, an appropriation to study and eradicate date diseases, an appropriation to study alfalfa diseases and citrus decline, procedure for the state acquisition of federal property, and actively supported all constructive veterans' legislation."

Hancock announces that the committee will present additional facts about Boyd's accomplishments as a legislator before the June 4 primary election.

**Mrs. Hansen
Is Honored at
Baby Shower**

Mesdames Connie DeVine and Bette Agazzoni were hostesses at a delightful baby-shower given in honor of Mrs. Lorraine Hansen, at the home of Mrs. Agazzoni, Tuesday evening. The affair was climaxed by a bountiful and delicious buffet supper. The prospective mother received many gifts. Among those present were Mr. and Mrs. Louis Danzinger, Mr. and Mrs. Connell, Dr. and Mrs. O. B. McRory, Mr. and Mrs. Geo. Dennis, Harry Converse, Connie Barleau, Rene Smith, Mrs. Marcus Caro, Pete McHugh, Mrs. L. Setter, Mr. and Mrs. H. Mueler, Mr. and Mrs. R. Dunlap, Billy Bencke, Frances Duffy, Russell Huff, and Bill Rashall.

Also present were Lorraine Hansen, the prospective father, Hans Hansen and Jule Theo.

When the baby is born, and both parents have already named it Pete, Hans will have joined three other fathers who were present, all of whom are past 40 and the parents of infants, ranging in age from six months to one year.

**LOOK WHAT
HAPPENS JUNE 2
ON S.P.!**

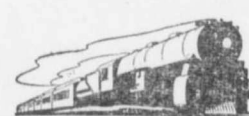

Big changes . . . faster schedules . . . new services! Just look at what happens June 2 on Southern Pacific routes between Southern California and the East! And this isn't all! Big things are happening on every Southern Pacific route—so if you're planning a trip anywhere, call or visit your near-by friendly Southern Pacific Agent.

**Golden State Limited
48½ hours to Chicago
—at no extra fare!**

June 2 the Golden State Limited becomes the fastest no-extra-fare Los Angeles-Chicago train in history: just 48½ hours to Chicago!

It will carry streamlined Pullmans with diner and lounge car, and modern chair cars to Chicago...a streamlined Pullman to St. Louis...and—for the first time—a through Pullman to New York.

Also starting June 2, the California, popular "economy" train, will return to its fast prewar schedule, carrying tourist Pullmans to Chicago, chair cars to Chicago and Memphis, standard Pullmans to Memphis, Phoenix and Tucson. Lounge car for sleeping car passengers and dining car for all passengers.

**Sunset Limited
Fastest Train Ever
to New Orleans!**

Soon you'll be able to go to San Antonio, Houston and New Orleans by train faster than ever before in history.

Starting June 2, the famous Sunset Limited will speed from Los Angeles to New Orleans in 49½ hours...at no extra fare!

This fast Sunset Limited will carry standard Pullman sleeping cars and reclining chair cars, plus a dining car, coffee shop car and a roomy, beautifully-decorated lounge car. There'll be a standard set-out Pullman to San Antonio, too.

At the same time, the Argonaut on this route will be returned to its faster prewar schedule.

Plans for Bible Conference in Mountains Begun

Plans for the annual Forest Home Bible conference to which hundreds of young people go each summer, are being mapped today. From Memorial Day to Labor Day the Bible conference in the mountains is thronged with young people from all over the south-land gathered in groups, staying a week or two.

Besides the fine spiritual atmosphere, wholesome entertainment, horseback riding, swimming, hiking, and tennis occupy the campers.

Dr. John R. Macartney, who maintains a summer home in Forest Home in Mill Creek canyon, is a leading figure in the conference.

He urged all planning to attend from the Village to contact the church officer at once so that reservations may be made. Cost of a period at the Conference, covering all expenses, is \$15.

More than half the disabled World War II veterans approved for educational benefits by the Veterans Administration are veterans of World War II.

Baccalaureate for Junior High Class Set for Sunday

The Nellie N. Coffman Junior high school graduating class will gather at Community church next Sunday evening to hear the annual Baccalaureate sermon by Dr. John R. Macartney, pastor of the church.

Eighty-two seats will be set aside for members of the eighth grade graduating class. Parents, the instructors and friends are invited to attend.

Music for the occasion will be provided by the choir of the church under the direction of Holly Lash Visel and Lois Lux.

The services will be held at 11 a.m. There will be no evening service next Sunday so that all who desire may attend the high school Baccalaureate service at St. Paul's in the Desert Episcopal church that night.

Dad: I never see a girl blush any more. It certainly was different in my day.
Son: Good Lord, Pop! What on earth did you say to them?

Dr. Macartney Returns From Northern Event

Dr. J. R. Macartney returned last Saturday from a trip to San Anselmo, where he attended the diamond jubilee of Theological Seminary there. The school is expanding its activities to train more men for the ministry.

"Need for young men to go forward in the work of the church in the west is growing," said Dr. Macartney upon his return.

"The western states must provide sufficient young ministers to fill the pulpits of the west, California bids fair to become one of the largest states in the nation at the present rate of growth," he said. "Hundreds of new churches will be started in new areas in the west and leaders for these churches must come from the seminaries."

Nancy Nye Elected

Nancy Nye was elected president of the Young People's Fellowship of Community church at its meeting last week. Plans for increased activity were discussed.

Church Boards To Meet Next Tuesday

Boards of Community church will convene for their regular meetings next Tuesday evening, at 7:30 o'clock. Among plans to be discussed are the status of church services during the summer months.

Henry S. Reid Family Leaves For Colorado

This past week a very wonderful gift was presented to Dr. Henry S. Reid. It was a beautiful medal received from the government for his loyal and patriotic work during the war on the Selective Service Board of Examiners.

Accompanying this medal were three engraved citations — one signed by the late President Franklin D. Roosevelt, one signed by President Harry Truman, and the third was from the Congress of the United States. Needless to say, Dr. Reid treasures these very highly.

Evangelist Speaks At Village Church

Walter H. Harris, well known Bible teacher and evangelist, is speaking nightly at 7:30 o'clock at the Full Gospel church, 216 South Indian avenue. Services are held each night except Saturdays, E. E. Farmer, pastor, said.

General Omar N. Bradley, Administration of Veterans Affairs, expects the total of American war veterans to reach 20,000,000 in the next year.

Christian Science Text 'Mortals and Immortals'

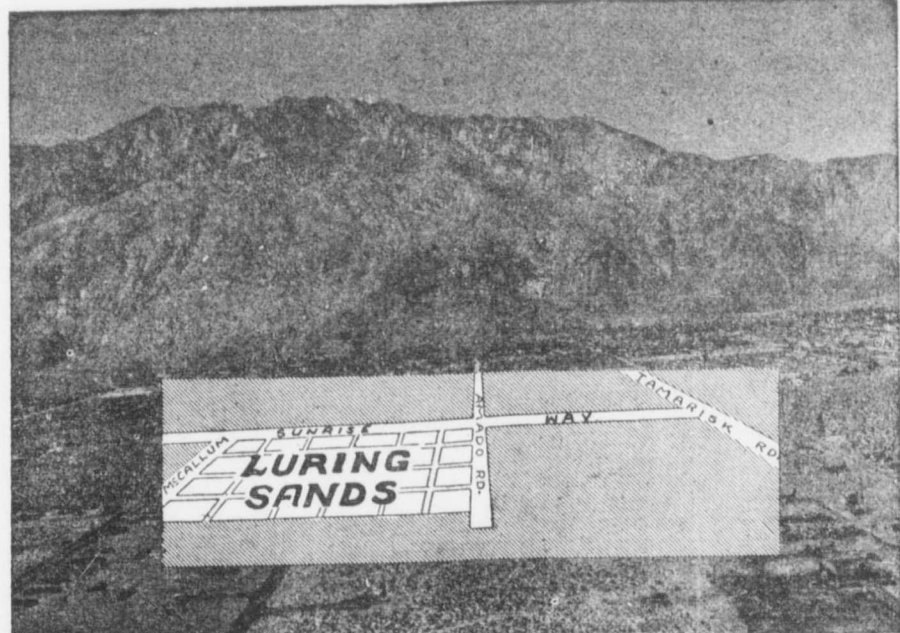

"Mortals and Immortals" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from II Corinthians: "Henceforth know we no man after the flesh; yea, though we have known Christ after the flesh, yet now henceforth know we him no more."

In Mark's Gospel it is related that Jairus, a ruler of the synagogue, came to Jesus "And besought him greatly, saying, My little daughter lieth at the point of death: I pray thee, come and lay thy hands on her, that she may be healed; and she shall live . . . While he yet spake, there came from the ruler of the synagogue's house certain which said, Thy daughter is dead: why troublest thou the Master any further?" But Jesus said unto him, "Be not afraid, only believe . . . And when he was come in . . . he took the damsel by the hand, and said unto her, . . . Damsel, . . . arise. And straightway the damsel arose, and walked."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "The human concepts named matter, death, disease, sickness, and sin are all that can be destroyed." "Man's individual being can no more die nor disappear in unconsciousness than can Soul, for both are immortal."

Victory Bible Class Will Close Season

Closing session of the Victory Bible class for the season will be held next Thursday evening at Community church. Meetings will be resumed in the fall.

The Vivisection of American Youth

By ETHEL GILLET WHITEHORN.

Noah Webster defines the word "vivisection" as the cutting of, or operating on, a living animal. Man, according to Webster, is an individual of the highest type of animal existing or known to have existed due to his extraordinary mental development.

The cruelty of vivisection has long been opposed by the American people whose love of animals is instinctive and spontaneous. However, there is a deeper love rooted in the hearts of our people. It is termed paternal and maternal love. America's parents, and they are legion, will defend suffering animals, but they will fight and die in defense of their children if called on to do so.

Today, in this Nation, we are witnessing the vivisection of youth. The operation is taking place in the darkened and slimy laboratories of the Communist Party. The label on this cruel and base experiment reads, "American Youth for Democracy."

A recent article written by Frederick Woltman for the Washington Post and reprinted in the Congressional Record, April 12, 1946, page A2219, should be read by every American parent. Mr. Woltman writes: "The Communist Party finally admits its paternity of the American Youth for Democracy, student storm center of university campuses. The Party's National Board ordered Communist State headquarters throughout the Nation to regard AYD as the official successor to the now defunct Young Communist League and to use it as an innocent sounding front for recruiting young Communists."

"The AYD has lined up many prominent backers, including Colonel Evans Carlson, Edward G. Robinson, Frederic March, Danny Kaye, Barney Ross, Norman Corwin, Attorney General Robert Kenny of California, Jane Froman and Garson Kanin."

"The Communist Party, itself, let the cat out of the bag. Its directive was based on a report to its secret National Committee Plenum last February by Max Weiss. 'Today,' the Communist state branches were notified, 'the most important and effective channels for organizing and promoting effective action of the advanced anti-Fascist youth is the American Youth for Democracy. It would be the crassest mistake to minimize the importance of this organization.'"

So wrote Mr. Woltman in the Washington Post. Here, in California, young Bill Griffith, student editor of the Daily Trojan, University of Southern California, blasts away at the American Youth for Democracy on his campus. He brands the organization as a communist front.

Has this far-sighted young

American received any sympathy and cooperation from U.S.C.'s dean of men, Carl Hancey? He has not. Mr. Hancey, as reported in the Los Angeles Times May 3, showed no apprehension over formation of a unit of AYD on the campus.

It would be interesting to learn how much support Bill Griffiths is receiving not only from the parents of young students, but from all Californians who believe Youth should be reared on a diet of sound American fundamentals.

In the Congressional Record of April 5, 1946, page A2059, Congressman Frank Boykin, Alabama, has inserted a letter he wrote to Sheriff Holcombe of Mobile. He wrote: "I will support J. Edgar Hoover by vigorously taking the offensive against those forces who are so anxious to get rid of him. As a matter of fact, I have been expecting an attack on Hoover for some time, since he had the courage last December and again in January, to openly attack the American Communists as well as to expose the American Youth for Democracy, which is merely a new name for the defunct Young Communists' League."

J. Edgar Hoover, director of the Federal Bureau of Investigation, knows more than any man in America, exactly what the score is. He has issued many reports on youth problems. Parents should heed his words. The day will come, sooner than they expect, when they will wish they had listened to the repeated warnings of this great American.

Is Your Car Safe? If Not, Better Get It Fixed at Once

In cooperation with members of the California Highway Patrol, police authorities of Palm Springs began participation Wednesday in a nationwide traffic safety check designed to reduce accidents.

The check applies only to vehicles involved in moving traffic violations. It consists of an examination of the driver's license and registration certificate and a spot inspection of his brakes, lights, tires, windshield wiper and horn. Drivers whose cars show obvious defects are being urged to have the necessary repairs made. They will not be penalized because of mechanical defects in their cars unless they are in violation of the state law or local ordinances.

The check will continue for a period of six weeks or more. It is sponsored by the International Association of Chiefs of Police and has the backing of the automobile clubs and all other agencies interested in traffic safety. As pointed out by Chief of Police A. G. Kettman, the average car on California highways is now more than eight years old and it is highly necessary these aging vehicles be kept in good condition to avoid accidents and conserve transportation facilities.

The authorities are urging the public to have their vehicles checked voluntarily. The slogan of the drive is: "Check Your Driving—Check Your Car—Check Accidents."

Two Injured When Automobiles Meet In Rear-end Crash

Two persons were injured, but not seriously, last Saturday evening in a rear-end collision on North Palm Canyon drive in the 1000 block.

Amos E. Potts, 70, San Francisco, accompanied by his wife, were in the first car. The second car which hit their car from the rear was driven by John A. Adams, 26, U. S. Navy, son of former Councilman and Mrs. Charles P. Adams.

Marks on the pavement showed that Adams had applied his brakes 50 feet before the impact. His car stopped at the point of collision but the Potts car was shoved ahead.

Both cars were considerably damaged.

At the La Paz

Grand finale to La Paz's busy season came Sunday night when the exclusive guest ranch closed for the summer months.

Prior to closing there were a number of last dinner parties given at the ranch where guests enjoyed the warm balmy evenings by the swimming pool both at the cocktail hour and again later in the evening while they watched the sports activities. James Fouch, owner of the newly opened ranch, was host Thursday evening at a dinner party. His guests included Dr. Henry S. Reid, Mrs. Reid having been ill recently is not going out for a few weeks; Mr. and Mrs. Mike Flavin, Beth Scott, and Ruth Sougey.

Mr. Fouch again was a dinner host Sunday evening after the last guest had checked out and the doors were locked to the public. That evening he sat at the head of a long table set with 25 places for the employees, many of whom have served all through the season at La Paz and are to return to the organization next fall.

Following champagne cocktails and dinner, the group danced in the lobby and enjoyed a late evening moonlight swim.

Mrs. Emma Hathaway of 417 West Arenas Road left this week for her summer home in Manitou Springs, Colo. She plans to be back here in the fall.

**LLOYD
MASON
SMITH**

**Flying Over
Monument Valley**

UTAH-ARIZONA

The night before, a young chap by the name of Perkinson, from San Bernardino of all places, landed his trim twin-motored Cessna on the Goulding airfield in front of the trading post. I met him at dinner and found him most cordial and friendly. His plans were to return to Los Angeles the next morning. I casually asked if he could give me a quick flight over Monument Valley before he departed, and to my surprise he acquiesced immediately.

Next morning, right after breakfast, found us both at the airfield and clambering into the plane. It was only 7:50. The sun was still comparatively low over the horizon, and the shadows cast by the monuments were still dark and long. I sat in the co-pilot's seat on the take-off and later retired to the back to take pictures through the spacious windows on either side. One by one the engines were tested to capacity, the Cessna was wheeled around into position, facing out into the valley floor, and the next moment we roared down the runway, trailing clouds of that ubiquitous orange-hued dust. A few more seconds and we had sailed into the air without even a jar. I had been used to flying in the big Army B-24's, and the short take-off had come as a surprise.

OVER GOOSENECKS

Circling around toward the mesas, we "buzzed" the Goulding trading post, swooping low enough to clearly see the Navahos carrying lumber toward the new bunk-house. Mrs. Goulding, "Mike", came out of the Lodge and waved as we banked away. First on Perkinson's itinerary was the famed "Gooseheads of the San Juan" directly to the north about thirty (road) miles. I had often read of this geological phenomena in my college geological text-books, and had been anxiously awaiting my first view of them. Our route took us across the broad flat upper portion of Monument Valley and directly over two prominent landmarks: Wide Butte and the Setting Hen. Wide Butte was apparently flat on top; several acres of level exposed sandstone dotted by junipers and clumps of ephedra and

blackbrush. We flew so low that I could actually see shadows beneath the individual trees. I'm sure a pilot could make an emergency landing on the tops of many of these mesas if the occasion ever arose. A helicopter or autogiro of course would be the ideal means of reaching these inaccessible tops for exploration purposes; only a very few of them have or can be scaled by man from below.

Leaving the string of monuments behind and to our right, we sped on northward, over more flat country, dissected by a network of barely discernible lines which I knew to be drainage channels. Now we were nearly over the pyramid-shaped little elevation called Meridian Butte, since it is located almost exactly on the 110th degree north longitudinal line.

OVER FAMED REGION

Soon we were coming into view of the San Juan River, that snake-like channel that twists across southern Utah and empties into the Colorado River near Lee's Ferry. On the north side of the river at this point could be seen the famed Rapley Anticline, a series of sharp angular bands of alternate bright orange, brown, and purple, giving the appearance of a long line of inverted V's all closely connected like the teeth of a gigantic saw, one series of jags above the next, each a contrasting color. This remarkable anticline, a classic of its type, has been compared to hair ribbons, placed one above the other and angularly folded. From the air it showed up as some gigantic slice of layered cake.

Then I caught sight of the "Gooseheads". In this particular stretch of the river's course, the meandering stream has made two sharp turns parallel to each other and widely rounded at the ends. The result is that the San Juan River travels about seven miles to actually go two, looping far to the left, then to the right, and again to the left. Where the loops cross beside one another, the separating cliffs are mere fifty feet thick! It is indeed remarkable that the river has never cut straight across these barriers and flowed on westward in a direct, shorter course. Today the bed of the river is over a thousand feet below the top strata, evidence that the entire region was elevated so slowly that the gently cutting river could wear its banks down at the same rate, exactly as the Grand Canyon was formed. The formations exposed here by the San Juan are the oldest to be found in the Monument Valley region, and date back to what geologists call the Coal Measures, some 200 to 250 million years ago. As you go south and west from here, the exposures become more and more recent in age.

UNEXPLORED AREAS

Leaving the "Gooseheads" we headed back to Monument Valley proper and the mysterious Tsay-begay area in particular. If it had not been for the early morning shadows, the monuments would have appeared flat. From a height they blend in too well with the surrounding valley, and their hugeness is lost in the vast space. Actually, I was a bit disappointed. I really don't know what I expected to see, but whatever it was failed to materialize.

We dipped down below the top of Brigham Young's Tomb and zipped over the Mittens. I could get no true concept of their size. Then on over Merrick Butte and past the Three Sisters. Slipping to the left, we skimmed over the buttes to the Totem Pole. This single formation I knew to be higher than the Empire State building in New York, yet it seemed from the plane just a rock sliver stuck in the sands.

Back over the East Gateway, we crossed the interior valley that is the Tsay-begay and over the maze of buttes and mesas beyond. Much of this terrain has never been explored by whites, and its secrets remain undisclosed. Canyon after canyon flashed by beneath me in rapid sequence. Once I spotted a natural arch, which from its size even at our altitude indicated it to be quite a structure. Someday I'd like to go back there on foot.

OVER MOVIE SET

Returning over the Rim, we dived down over the movie set, the Tombstone of the 1880's. Men were on top of the Birdcage Theatre painting the roof; carpenters were busy on the Mansion Hotel balconies; and Navahos were carrying mirrors into the Oriental Saloon to be installed back of the long bar.

Beyond we shot just a few feet over the road and bore down on a truck in true cinematographic realism. On southward over Agatha Peak and Owl Rock, then back to Goulding's. We made a quick landing and my ride was over.

I wouldn't have missed the chance to view the Monuments from the air. However, I still felt that the only way to see them, to become at all intimate with them is to explore among them by car and on foot, to drive between them and clamber over their sheer sandstone slopes on hands and knees. Only then can

**Flood Control is
Topic of Meeting
of County Board**

Results of a recent detailed survey were reported to the board of supervisors, meeting as directors of the Riverside County Flood Control and Water Conservation district, and to zone commissioners this week by Max Bookman, district engineer.

Investigations have progressed to the point where he will be able to submit a budget request by July 1, Bookman said. He asked zone commissioners present to be ready at next month's meeting to discuss plans for use of district equipment.

Methods of getting district flood control projects under way were outlined by County Counsel Earl Redwine.

An inspection tour of the Palm Springs-Cathedral City area was made recently by commissioners of zone No. 6, it was reported.

**No Joke, That
Is, Say Police**

A joke, that is, but the woman who discovered it says it isn't.

Police this week received a report that a boulevard stop sign had been removed from a street corner and placed in front of a local residence.

They retrieved the sign, replaced it and are now looking for the ambitious pranksters.

Under the new G. I. Bill, veterans have 10 years from the official end of the war in which to apply for home, farm or business loans.

you begin to say you've seen the Monuments.

Thanking Perkinson for this generosity, I watched him climb back into the Cessna and hum away toward Los Angeles. I returned to the Post uncertain as to what I was going to do that morning, since it was only 8:30, not realizing that I was about to meet Chico and his "Die Blaue Blume" and to begin my exploration on foot of Tsay-kizzy Mesa. (To be Continued—Copyrighted 1946 by Desert Museum.)

**Roy Randolph
In Hollywood
For Movie Part**

Roy Randolph, of the Randolph Dance studios, which played an active part in entertainment and cultural circles during the season, now waning, left Tuesday for Hollywood, where he will have a part in a picture featuring Jeannette McDonald. He plans sometime during the summer to take a trip to Mexico.

Randolph will reopen his studios here next fall.

Mr. and Mrs. R. Bering have closed their home at 480 Belardo Road and are spending the summer at their home in Altadena.

What's your Insurance Question?

"You didn't mean to bite
anybody, did you Shag?
And now maybe we're in
real trouble, Dad says..."

Insurance Question:

If your dog injures someone—a neighbor,
perhaps, the delivery boy, or even a stranger
passing by—can you be held responsible?

Answer:

Yes, if your dog causes injury or damage,
you may be sued—and you may be forced to
pay a large amount of money. That's why it's
smart to have the protection of Hartford
"Damage Suit" insurance. Costs as little as
\$10 a year, protects you and your family
against damage suits arising from a wide
variety of causes.

For the right answer to your I.Q., SEE

**Mrs. A. E. Bailey Unanimously Named
Commissioner of Palm Springs Girl
Scouts Council at Annual Gathering**Bringing to a close the most successful year in the history of Girl
Scouting in Palm Springs, the Palm Springs Girl Scout Council met
in dinner session at the La Cita Cafe Monday evening, the annual
meeting of the organization.Mrs. Arthur E. Bailey, com-
missioner for the past year, was
unanimously re-elected for the
coming year. Other officers elect-
ed, also all unanimously, were:
Mrs. Rosalie Crocker, vice-
commissioner; Mrs. Josephine
Sprague, secretary; Mrs. Norma
Oliver, treasurer; Mrs. Charlotte
Watson, Mrs. Louise Harper, Mrs.
Pelly Isenagel, Miss Katherine
Finchy, Mrs. Anne Baker, Mrs.
Jack McDonald, Mrs. Helen
Staley, Mrs. Marvin Sale, council
members; Mrs. Billie Behneman,
Woman's Club representative.**INCORPORATE GROUP**Mrs. Bailey announced that
Mrs. Kitty French will take over
the position of executive-secretary
from Mrs. Dorothy Smith,
who is leaving Palm Springs.Due to the rapid expansion of
Girl Scouting in Palm Springs,
the council announces the incor-
poration of local scouting, to be
known as Palm Springs District
Girl Scouts, Incorporated. Be-
ginning next September, two new
troops will be in the district—one
in Cathedral City, and one in
Desert Hot Springs.Following the meeting the
council entertained as guests at
dinner the following Girl Scout
leaders: Mrs. Kitty French, Mrs.
Christine MacDonald, Mrs. Elmer
Markam, Mrs. Clara McClung,
Mrs. Harris Posey, Mrs. William
Grenzow, Mrs. B. K. Poliak.**REPORTS ARE READ**Indicating the great activity of
the Girl Scout council this year
was the annual report showing
the progress made under the
leadership of Mrs. Bailey, Mrs.
Beatrice Hookey, vice-com-
missioner and Mrs. Dorothy Smith,
secretary and treasurer.Following achievements were
listed:Offered scouting to more than
85 girls; organized two drives to
obtain leaders; newspaper and
publicity widely recognized; pro-
gram enriched; brought Juliette
Low, founder of Girl Scouts,
closer to girls; minor repairs and
improvements to Little House;
arranged for summer camping;
secured option to buy lot on Be-
lardo road and raised finances to-
ward purchase; incorporated un-
der the name of Palm Springs
District Girl Scouts.The Council wishes to express
publicly their thanks to the troop
leaders, to troop committee mem-
bers and advisors, to the Com-
munity Chest for funds, and to
the Woman's Club for its finan-
cial pledge and sponsorship.**TROOP REPORTS**Troop 1, Brownies, 8 $\frac{1}{2}$ -10 yrs.
(Sept.-June)Leader, Mrs. B. K. Poliak; Co-
Leader, Mrs. Elmer Markham;
Troop Committee Member, Mrs.
Emil Wagner.Homemaking, cooking and sew-
ing in a group, murals for Girl
Scout House, wrapped toys for
welfare, filled Friendship Bags
made by older troops.Troop 2, Intermediate, 10-12 yrs.
(Sept.-June)Leader, Mrs. Jack McDonald;
Co-Leader, Mrs. Clara McClung;
Co-Leader, Mrs. Donald French;
Troop Committee Members, Mrs.
Louise Harper and Mrs. Hilda
Pleasant.Developed a spirit of friendli-
ness and cooperation in the group
and learned to give service to
others. Many of the girls achieved
second class rank and took part
in proficiency badges in all ten
fields which proved a great stim-
ulus to the group.Made posters for Health Cen-
ter, Baby Clinic, participation in
March of Dimes drive, International
Friendship Bags, Puppet
Show.Troop 3, Junior High School.
(Dec.-June)Leader, Mrs. Stephen Smith;
Co-Leader, Mrs. Thyrle Hubbs.A course in first aid, the March
of Dimes drive, rebuilt Christmas
toys for Welfare, International
Friendship Bags (sent abroad).Troop 4, Brownies, 7 $\frac{1}{2}$ -8 years.
(Sept.-June)Leader, Mrs. Harris Posey; Co-
Leader, Mrs. William Grenzow;
Troop Committee Members, Mrs.
Lorene Eskew, Mrs. V. Paul, Mrs.
Howard Willock, Mrs. Albert
Sakofsky, Mrs. Michael Birn-
krout.Learned group songs and
games, made picture folders for
Easter, visited the Fire and Po-
lice departments, visited the**Now's Time for
Spring Clean-up**Spring is here, and household-
ers everywhere are swinging into
action to brighten their homes by
cleaning out attics, closets and
basements.In communities throughout the
country this drive for cleanliness
and safety is being conducted in
Spring Clean-up week campaigns,
supported by civic organizations,
municipal officials and schools.Spring Clean-up Week is more
important than ever this year,
because many homes have be-
come "run down" during the
war. Shortages of labor and ma-
terial have prevented people from
keeping their homes in good con-
dition and from replacing worn-
out equipment.Safety experts recommend that
householders clean out paper and
trash from attics, basements and
garages. After repairs, accumula-
tions of oil and paint rags and
sawdust should be cleaned out.
Heating systems should be clean-
ed and placed on reserve basis.
Electrical wiring should be in-
spected and worn wires replaced.**Bill McRory Is
A Year Old and
He Celebrates**William Edward McRory, aged
one, celebrated his first birthday
the other day. He is the son of
Dr. and Mrs. O. B. McRory of
Sunny Dunes road."Billie," as he is known, per-
sonally supervised the serving of
ice cream to his guests, who were
Dennis Boyer, Carrol Boyer,
Marcus Caro Jr., Joan Medby,
James McRory.Also present, intent upon get-
ting in on the fun—and refresh-
ments—were Genevieve, the cat,
and Josephine and Pepper, the
family dogs.**Mr. and Mrs. Wills
Plan for Vacation**Mr. and Mrs. Art Wills have
rented a cabin at Idyllwild for
the summer.Mrs. Wills and the two boys,
Ed and Jim, will spend the sum-
mer in the mountains. Mr. Wills
will divide his time between
Idyllwild and Palm Springs as
he will keep the Plaza Cleaners
open all summer.**Desert Museum.**Events in which all troops took
part:November — Troops Birthday
picnic, Desert Inn Mashie court.February — Court of Awards
and Brownie Fly Up; Birthday
Pennies collection for Juliette
Lowe Friendship Memorial Fund.

April — Desert Circus Parade.

May — Court of Awards.

CLOSE OF EVENTSThis week brings to a close the
Girl Scout meetings for this sea-
son. Troop 2 will meet at 3 p.m.,
at the Frances Stevens school as
usual on Friday. But following
the meeting, the troop will ad-
journ to the Girl Scout Little
House where a Cook-Out will be
held. Patrol 5 will be in charge
of games. The meeting will ad-
journ at 7:30.Troop 3 held their final meet-
ing on Monday, May 13, at the
home of Mrs. Stephen Smith on
San Jacinto Way. Badges for
completed Scouting activities
were awarded at that time.

Skomo-Halseth Nuptials Held Monday

Miss Marge M. Skogmo became the bride of G. A. Halseth during a colorful ceremony held in the patio at 696 Via Monte Vista, May 6, at 4 p.m., with Dr. John R. Macartney officiating.

Jessie Pierce was the matron of honor and Ensign Jerry Nies acted as best man. The bridal party consisted of Virginia Thomas, Marguerite Cotterman, Louis LaFrance, Joanne Tuttle, Louise Touts, Maxine St. Clair, Sylvia Ott, Frances Glassell and Mrs. Jerry Nies. Also present were Raymond LaFrance and daughter, Ray Little, Bernadine Dirnberger, and Marie Dirnberger.

Ring-Side Seat

Villager To Get View Of Historic Event

Richard Paul Zalud, fireman, second class, U. S. N., son of Mr. and Mrs. Martin Zalud, 216 Camino Descanso, will get in on one of the greatest events in modern history, it was revealed today. He'll be present when the great atomic bomb test is staged in the Pacific area.

The Villager, it was announced from naval headquarters, has been assigned to help the former German cruiser, Prinz Eugen, to the scene of the great test. The Nazi ship was recently in Los Angeles harbor.

The tests will be to determine the effects of atomic bombs on naval vessels and military equipment to gain information of value to national defense.

Rancho Mirage Post Host at Great Picnic

BARBECUE—Part of the great throng which enjoyed the hospitality of the new Rancho Mirage Post of the American Legion last Friday night in Magnesia canyon. Dancing, music, food and what goes with it combined to make it a merry evening. Accompanying all this was an old-fashioned hay-ride only in this case

a tractor hauled the hay-rack. Don Maher, tractor driver, showed the occupants of the hay-rack how he used to operate a tank, dodging Nazis. It was a merry ride. If the photo's hazy it's because of the smoke from the wood fire. It was not so warm up there. (Gayle Studio photo.)

American Airline Will Make Village Cross-country Stop

Next season or even before, Palm Springs may see American Air Lines transcontinental airships serving this community.

This probability showed every indication of becoming a fact due to the renewed interest of that airline indicated by requests last week for maps of the surrounding country, the assignment of Ivan Dmitri, photographer for the airlines, to take pictures of Palm Springs and the meeting of 20 or more employees of that concern here last Friday, Saturday and Sunday.

American Air Line filed an application with the Civilian Aeronautical Authority last October in which it asked for permission to serve Palm Springs. At that time, the company stated it would be profitable to stop here, if it could pick up seven-tenths of a passenger.

George Stevens, public relations officer of the airline company, spent two or three days in the Village. His offices are in New York City and it is reported that the trip here was not for pleasure. It was pointed out that he may have been gathering material for resort literature the company will use in advertising the merits of a vacation at Palm Springs to prospective air passengers.

King Snake on Display at Local Museum

So that others may easily recognize a king snake and spare its life, Dr. Walter S. Rudidill, winter resident here, presented one of the reptiles to Prof. and Mrs. T. D. Cockerell for display in the Desert Museum.

Reed's Reader

There was a time when I held the Desert Sun folks in a certain high regard—but the danged old characters insist on getting out their newspaper on time. Right now Bob is pestering me in this alleged column, the record booths are full of jive hounds, the telephone is jarring itself off the hook, and all our high priced help is out of town—and I'm a sad, sad character.

At least I was a sad character until Hank got out the new Danny Kaye album just a few minutes ago and played that little Russian deal for me. My mood is now so improved that I only snarl at the customers with a Russian accent—that is, I snarl with a Russian accent, not at! now so much improved that I only as bright as most of our customers, you've caught on that you can improve your mood by coming right in and buying a Danny Kaye album, but quick.

Or, if you're not to be wooed, or wowed, by the Wonder Man you might like to bend an ear to some Frankie Carle piano. His first album is back in stock together with a new one called Frankie Carle Encores. There are some mighty smooth old-timers therein—"Love Nest," "Sweet and Lovely," and "I Know That You Know," are right soothing, but all eight tunes are played in strict dance tempo and should make for a pleasant evening of dancing.

All this and bedlam, too—at Reed's Radio Shop.

Hundreds Attend Outing in Magnesia Canyon Featured by Old-Time Hay-Ride, Food, Frolic, Music, Dancing and Fun

Motorists traveling on Highway 112 which runs through Rancho Mirage did not see a desert mirage last Friday night.

What they actually saw time and again, was a long flat trailer piled high with hay and every available inch of space occupied by riders. All were bent on an old fashioned hay-ride, "weenie" roast, dancing to the music of a fiddler, and plenty of—fun.

The pilot of the long flat trailer, pulled by a farm tractor, was Don Maher. During the war Maher drove a tank and his gyrations on the sands of the desert here were reminiscent of the evasive tactics he used overseas when fighting the Nazis. The destination of the merry-makers was Magnesia canyon and the shouts of the riders as Maher maneuvered his tractor echoed against the moon - drenched mountain sides. There were some who would have preferred to walk but the occasion never presented itself until he came to a stop at the picnic grounds.

LEGION POST HOST

Rancho Mirage's newly organized American Legion Post 701 hosted the event. The hardest worker and perhaps one of the conspirators in the ride up and down the canyon was that human dynamo, Don Cameron, manager of the Rancho Mirage development. Present were approximately 275 merry-makers.

All those who attended the affair rendezvoused at the tract office of Ranch Mirage.

This meeting was a forethought on the part of those who know about the deep sands on the way to Magnesia canyon. Only a tractor or a four-wheeled drive vehicle could have negotiated the distance. And that's why Don Maher had so much fun—the situation was like a gift from the gods to tickle the funny-bones of Maher. He was in gleeful form.

DANCE IN CANYON

At the Canyon, through some miracle or Herculean feat, a large portable dance floor had been assembled. At one end an accordion player was trying his darndest to supply music for the ears of the dancers. Gathered around him however, were six or seven guests in an imitation of the old-fashioned barber-shop quartet. Their voices blended perfectly

VFW Auxiliary Arranges for Poppy Sale

Auxiliary of the Veterans of Foreign Wars, Frontier Post 5987, held their regular semi-monthly meeting Monday night, May 13, at which time plans for the annual "Buddy Poppy" sale were made.

Women of the auxiliary were presented with a large American flag, gift of the women members of the Indio VFW auxiliary. Following the meeting, members of the local post and guests from Indio were entertained at a garden party at the home of Mrs. Neva Sue McEvoy. The next meeting of the auxiliary will be held May 27 in the hall above the fire department.

The Beginning of Broadcasting
Radio broadcasting actually began on November 2, 1920, when the Westinghouse station in Pittsburgh, Pa., KDK, broadcast the returns of the Harding-Cox election.—The Red Book.

AT DESERT SCHOOLS

Miss Katherine Finchy, superintendent of the Desert School district this week announced activities for the last week of the school term starting with the Baccalaureate service at Community church Sunday morning for the eighth grade of Nellie N. Coffman junior high.

Pupils of the sixth grades of Frances S. Stevens school, Cathedral City school, and Desert Hot Springs school, will meet at Frances S. Stevens school Wednesday, May 22, for a program in the auditorium at 10:30 a.m.

EXERCISES MAY 23

Graduating exercises for Nellie N. Coffman Junior high is scheduled for Thursday evening at 8 o'clock.

Friday, May 24, the last day of school, there will be an abbreviated schedule with classes ending at noon.

Vacation starts May 25 and lasts until September 15.

Although the school is not in a position to offer a full-fledged summer school, Miss Finchy remarked, several teachers will be here during June and will be available for individual or group instruction. Arrangement may be made by contacting the school office.

The school will open for the

A. L. McEvoy was appointed chairman in charge of the annual "Buddy Poppy" sale, set for May 25. The sale here will be conducted under the auspices of the Veterans of Foreign Wars' Frontier Post 5987, of Palm Springs.

Under the direction of McEvoy, plans will be carried out for the distribution of poppies here, in conjunction with the 25th annual sale of the flowers under the jurisdiction of the National V.F.W. organization. The 1946 nationwide sale goal is 16 million Buddy Poppies, commemorative of members of America's armed forces who gave their lives in the nation's armed conflicts. This annual venture is strictly non-profit designed to raise funds for the exclusive benefit of disabled veterans and their dependents, the widows and orphans of deceased veterans.

new season on September 15. Announcement of registration dates will be made in ample time before this date.

BOB MITCHELL'S famous boys' choir who will sing in a special Mass at Our Lady of Solitude church this Sunday at 9 a.m. The choir is featured weekly over KFI in Los Angeles and other radio programs. The choir also appeared in the motion picture "Going My Way," which starred Bing Crosby.

Famed Boys' Choir at Our Lady of Solitude

Music lovers in Palm Springs have a rare treat in store for them.

Sunday morning, during a special mass at 9 o'clock, Bob Mitchell's famous Boys' Choir will sing. The program will also be picked up by radio station KCMJ. The choir is well known in radio circles and famed for the type of music it dispenses. Each week it is featured over KFI, National Broadcasting Company affiliate. The choir also appears on local broadcasts.

Reverend Francis L. McGann, O.S.B., new pastor of Our Lady of Solitude, will preach the sermon for the occasion. The presence of the Choir here was brought about through the acquaintance of Rev. McGann and Bob Mitchell when both were

Mrs. Belding Plans Home Here

Mrs. Violet Belding, whose father founded the resort-spa of Hot Springs, Arkansas, plans to build here and become a winter resident.

Here on a visit with her son, Paul Belding, now developing Desert Palms subdivision, she is said to have fallen in love with the Village. Prior to her departure for Arkansas, she purchased a home-site from her son's company and plans to build a home there.

stationed at a Seabee camp near San Francisco during the war. At that time, Rev. McGann was a commander in the United States Navy.

County Chamber To Meet at Indio

For the first time since the outbreak of World War II, the monthly luncheon meeting of the Riverside County Chamber of Commerce will be held in the Coachella Valley, on Tuesday, May 28, when Indio will be host to the county-wide organization.

A delegation from Palm Springs is being arranged for the session. Reservations for the luncheon, which is open to the public regardless of Chamber of Commerce membership, should be made at the Palm Springs Chamber office, telephones 6111 or 6181.

Principal speaker on the program, which is to be held in the Elks Hall at Indio, will be Nelson McIninch, the KFI noon Farm Reporter.

Preceding the luncheon, which is set for 12:15 p.m., three meetings will be held in connection with the County Chamber of Commerce activities. At 10 o'clock the Chamber of Commerce managers of the county will meet. Starting at the same time will be a meeting of the County Highway and Transportation Committee, of which Robert Westbrook of Riverside is chairman. W. R. Hillery and Perle Swart are representatives from the Palm Springs-Cathedral City area.

At 11:45 a.m., the Board of Directors of the County Chamber will meet with Charles E. Johnson of Riverside, president, presiding.

Reports of these three meetings will be presented to the luncheon session. Climaxing the day's program will be a conducted tour of the All-American Canal project.

Maffey-O'Sullivan Wedding at Church

Dr. J. R. Macartney, pastor of Community church, officiated Saturday evening at the marriage of John F. Maffey and Glenetta O'Sullivan at the church.

Maid of honor was Miss Doretta Dean and the best man was Ray A. Ramey. A company of friends of the couple were present to witness the ceremony.

Mrs. Lois Lux was at the organ to play the accompanying music.
